Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (November 3). You have many talents, but one will put you in the spotlight this year. Expect a big raise or promotion in April to elevate your status in the workplace. You will probably see family in the summer when you take a trip to celebrate a wedding or birth. A big purchase is also in the cards for you this winter. Lucky love signs are Leo and Aries. Lucky numbers are 5, 17, 38, 49 and 25.

ARIES (March 21-April 19). Ralph Waldo Emerson said, "Sometimes life's shadows are caused by our standing in our own sunshine." Take those words of wisdom to heart, and get out of your own way. Past disappointment and pain

TAURUS (April 20-May 20). Master your signs of beauty and anything to lift your spirit -- a stranger's smile, a pretty tree, an interesting cloud formation. The world is filled with simple joys.

GEMINI (May 21-June 21). Your brain is like a computer: You can only take in so much information before you need to sort it out. Take some time out, and just relax. Take a long, leisurely stroll. Soak in a hot tub until you turn into a raisin.

CANCER (June 22-July 22). Fantasizing about fame and fortune is a pleasant distraction, but don't let it keep you from dealing in reality. If it's a new love that has you floating on air, remember that what goes up must eventually come

LEO (July 23-Aug. 22). Being independent is all well and good, but someone close to you needs to feel needed. Your strength can be scary to someone who's a little insecure. He or she may feel you're so in control that he/she is unnecessary in your life.

VIRGO (Aug. 23-Sept. 22). You hate to leave with work sitting in your in-box. No matter how much is piled on, you will toil like a fiend until everything is completed and neatly filed away in its place. Understand your limitations, and light-en up on yourself.

LIBRA (Sept. 23-Oct. 23). You're beating yourself up over nothing. All those em-barrassing moments you wish you could do over are not going to matter one iota in the long run. In fact, someone thinks your quirks are incredibly

SCORPIO (Oct. 24-Nov. 21). You win some; you lose some. What's important is that you live to fight another day, so if you're really losing the fight, get the heck out of there. Sometimes, it's much better to retreat a foot than to advance

SAGITTARIUS (Nov. 22-Dec. 21). The key project may depend upon your abili ty to humble yourself. Since you're used to calling all the shots, and you hate asking for favors, it will be very tough, but try.

CAPRICORN (Dec. 22-Jan. 19). To greet the day with fresh eyes is to know real happiness. What would you do if you were a guest in your home instead of the owner? You'd probably treat the the owner? You'd probably treat the people and possessions there with more care and respect

AQUARIUS (Jan. 20-Feb. 18). It's obvious that you're the favorite among power people and could be granted specia privileges. Stay humble. If you speak softly, they'll have to lean in close and really listen -- especially when you're dealing with a Cancer.

PISCES (Feb. 19-March 20). Major changes are afoot, so prepare to be put to the test. Once you make it through to the other side, you'll be ready to party, and you'll have plenty to celebrate. A new job and possibly a new relationship are in the stars for you.
