Horoscope by Holiday Matthis

TODAY'S BIRTHDAY (November 4). You've deserved respect for a while now, and you are finally getting it. People will take notice of what you say this year. You may find yourself being quoted in the news or being asked to give an important speech. You will come across as confident, well educated and charismatic. It is also very likely that you'll be promoted in December or June. Your lucky numbers are: 10, 27, 4, 38 and 43.

ARIES (March 21-April 19). Like the song says, you can't hurry love. You'll just have to wait. Seriously, you're not doing yourself any favors by rushing into a relationship with someone you hardly know. Focus on the process, rather than the finish line.

TAURUS (April 20-May 20). Now is an excellent time to mend any broken fences, particularly with family members. If you haven't been speaking to a parent or child, you should try approaching that person with an outstretched olive branch now.

GEMINI (May 21-June 21). You get a booster shot of confidence! Suddenly, everything you say seems to hold extra weight and importance. Your charisma is magnetic and draws love and admiration to you from all directions.

CANCER (June 22-July 22). Saturn is activating the big issues for you. Marriage, starting a family, home ownership, career path, financial stability and retirement are on the forefront of your mind. Focus on the broad strokes of how you want your life to be.

LEO (July 23-Aug. 22). Try to relax and enjoy this quiet time for what it is: the calm before a period of intense change and challenge. You will soon go through a trial by fire. Though you'll be tested in ways you never imagined possible, you will love every minute.

VIRGO (Aug. 23-Sept. 22). Examine your current love relationship. Are you really getting the level of commitment and stability you crave? If you're doing more giving than receiving, you need to examine what's motivating you. A Scorpio has an objective view.

LIBRA (Sept. 23-Oct. 23). Your love life shines right now. If you're single, this is one of your best times this year to meet someone new. If you're already in a committed relationship, your love will grow, perhaps bringing with it a marriage proposal.

SCORPIO (Oct. 24-Nov. 21). You will receive an unusual proposition. Consider the source carefully. Listen to your gut. If your intuition tells you that this messenger is a decent human being, allow yourself to explore their offer. It could prove to be lucrative.

SAGITTARIUS (Nov. 22-Dec. 21). Your phone is ringing off the hook with people inviting you to parties, workshops and lectures. You may feel inundated with e-mail. Luckily, you'll be able to discern the important stuff from the spam.

CAPRICORN (Dec. 22-Jan. 19). Some people call you obsessive. The truth is, you're just really, really focused. It's that single-mindedness that keeps you on target. Like a laser-guided missile, you know exactly where you need to get to.

AQUARIUS (Jan. 20-Feb. 18). Consider taking on an intern, assistant or apprentice. You can be a good teacher that your protegee may soon be able to handle much of the workload alone, freeing you up to focus on the visionary end of things.

PISCES (Feb. 19-March 20). All is not wine and roses at home. Someone is harboring a perhaps not-so-hidden resentment, and it probably has something to do with the in-laws. Find the common ground. Singles are adjusting to a new circumstance.
