Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (November 8). This is a very good year for your earning potential and financial stability. If you're looking for a big promotion or raise, it's best to wait until after January to approach the boss. Your love life gets a boost, too -- a crush that begins during the holiday season blossoms in the spring. Take a chance, and start an extra income source in February. Your lucky numbers are: 4, 16, 29, 47 and 50.

ARIES (March 21-April 19). Your ruling planet sends the message: Strut your stuff! With a little flair, you'll edge out the competition, and the so-called other guys won't even know what hit them. Romantic prospects are especially exciting. You're up for a dare.

TAURUS (April 20-May 20). Thanks to the lunar interaction with your ruling planet, Venus, your intuition is on target when it comes to your two favorite things, love and money. Buy a lottery ticket. You're hard to resist now, so ask for the moon.

GEMINI (May 21-June 21). Catch up on all that's been lagging, starting with your office. You can be incredibly productive emptying the in-box, catching up on e-mail, and delegating as much as you can to others. You'll finally clear the air with a loved one.

CANCER (June 22-July 22). A weight is lifted from your chest as Saturn gives you a break from something that's been troubling you. Suddenly, financial stress and pressure from the family -- to settle down, have kids and so on -- ease up considerably.

LEO (July 23-Aug. 22). Take advantage of the peace and quiet while you can. Focus on pampering yourself as much as possible without spending a whole lot. It's restorative to take a long walk in a beautiful setting or read a trashy novel.

VIRGO (Aug. 23-Sept. 22). The more odds and ends you can wrap up, the better you'll feel. Focus on getting rid of stuff rather than adding to what you've already got. Take the dog to be groomed, rake the lawn, or make a donation.

LIBRA (Sept. 23-Oct. 23). Don't be surprised if you feel a sudden welling up of emotion as the scale tips toward "overload." You may be expected to turn on the charm when all you really want to do is snack in front of the TV. Rise to the occasion instead.

SCORPIO (Oct. 24-Nov. 21). You're waiting for the right moment to strike. Hold off for a few days -- your plans for world domination will have a much better chance of success. Until then, distract yourself with beautiful things: artwork, music, your partner.

SAGITTARIUS (Nov. 22-Dec. 21). Your social acumen impresses. Throw an impromptu party, or make a toast. Mercury, the planet of communication, is loving you now, so you should have no trouble finding the right words for any occasion.

CAPRICORN (Dec. 22-Jan. 19). Things may feel a bit uneasy at home, but this situation improves shortly. In fact, this is the start of a really exciting cycle. If you suddenly find yourself feeling joyful for no apparent reason, don't question it.

AQUARIUS (Jan. 20-Feb. 18). Uranus, your ruling planet, is stirring those fidgety feelings. Avoid doing anything too fast, especially driving. Instead, channel that energy into making preparations for all the good you plan to do in the world.

PISCES (Feb. 19-March 20). Any sluggishness you've been feeling for the past five months is about to end. Gather all your best ideas, and practice your sales pitch. You'll soon get an energy injection that will help you put all your big dreams into practice.
