**Horoscope** by Holiday Mathis

**TODAY'S BIRTHDAY** (November 9). This is going to be a very action-packed year for you, with lots of new projects to tackle. If you get started right now, you'll receive accolades and honors in February and March. Challenges in late spring will yield a fun and exciting summer and fall. For the most part, you're in for a passionate and very enjoyable love life this year. Your lucky numbers are: 1, 15, 34, 49 and 33.

**ARIES** (March 21-April 19). It's high octane all the way! Put this energy to good use by getting your ducks lined up in a row. In a matter of days, you'll be in a prime position to make your move -- at work or, more likely, in romance.

**TAURUS** (April 20-May 20). You're in an expansive mood, which can translate into bloated debts and waistlines. Try to keep your appetites in check, as you are especially vulnerable to overindulging in comfort foods and binge shopping.

**GEMINI** (May 21-June 21). You approach the world as a true patriot, fighting for all the right reasons. Just be sure it's a fight that's necessary. Sometimes, you can just ask nicely. People take you seriously, helping you achieve your goal.

**CANCER** (June 22-July 22). Comfort and security are your top priorities, so you tend to hoard your possessions and save your money for a rainy day. Sometimes, however, you just need to let loose and splurge. Giving gifts is good for your soul.

**LEO** (July 23-Aug. 22). Promote yourself! You're feeling relaxed and confident, which will protect you from looking desperate. Just state your best qualifications in a straightforward manner, and let your natural charm win hearts.

**VIRGO** (Aug. 23-Sept. 22). You're able to

smooth things over on the job, where disorganized or just plain difficult co-workers create tension. Your take-charge attitude works. Speak softly, but carry a big stick (not literally, unless you want to be fired).

**LIBRA** (Sept. 23-Oct. 23). Emotions continue to run high, and you can just blame it on the moon! Do whatever you need to do to maintain your balance. Yoga, exercise and laughing with friends are effective stress reducers.

**SCORPIO** (Oct. 24-Nov. 21). Complete anything unfinished. Next week, you're going to be in the right frame of mind to start new projects, but you need to start with a clean slate. As long as you stick with your original to-do list, you can't really go wrong.

**SAGITTARIUS** (Nov. 22-Dec. 21). Big changes are in the air. You're cosmically dialed in to the big picture, yet you're still able to focus on the details. Astral energies are just right for pondering where you're going and how to get there.

**CAPRICORN** (Dec. 22-Jan. 19). Today, focus on "re": Review any parameters you've set for yourself, and reassess relationships. You may need to redraw boundaries and renew vows while you're at it. You're not bound by the way things have always been.

**AQUARIUS** (Jan. 20-Feb. 18). This is an especially good time to put technology to work for you. Business picks up in the fields of transportation, communication and computers. Tonight, your love life will get a bit more spiritual and sensual, too.

**PISCES** (Feb. 19-March 20). Expect the unexpected as Uranus, planet of surprises, gives you a zing. Relationships become more exciting, if a tad unpredictable. At work, back up computer files, and make sure your cell phone battery is charged.
