Strange Brew by John Deering

Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (November 10). You'll love the changes of this winding road of a year. Some of you will switch careers early in 2005. Others will have a change of marital status. Your biggest change, however, will be on the inside. Your spirituality will deepen as you come to know yourself much better this year. By your next birthday, you will feel like you've been reborn. Your lucky numbers are: 6, 13, 11, 21 and 40.

ARIES (March 21-April 19). You're in the mood for love or at least a really hot date. If there's someone you want to ask out, do it before the sun goes down, and then, let the night work its magic. You may find it hard to concentrate at the office.

TAURUS (April 20-May 20). If you're feeling lazy, don't be too hard on yourself. Even charging bulls like you need their downtime. Get over the hump by focusing on light tasks, such as making phone calls, reading research materials, and filing.

GEMINI (May 21-June 21). Your negotiating skills will be called into play. A co-worker or client may be backing away from a deal, and it's up to you to draw him or her out. Renew interest by reviewing all your project's selling points.

CANCER (June 22-July 22). Tie up loose ends. If you've been avoiding something that's making you unhappy at the office, face it instead of disappearing into your shell. Try writing in a notebook. On the page, you'll be able to see a solution.

LEO (July 23-Aug. 22). Your charisma and success attract all kinds of people into your life. Most of them are good for you. But there are others who are weak or jealous who will cling to you for dear life. Choose your friends wisely.

VIRGO (Aug. 23-Sept. 22). Regarding a pet

project you've been slaving over for weeks (or years), it's time for you to relinquish control. Send your baby into the world. There's only so far you can go on your own, but with the right team, you're unstoppable.

LIBRA (Sept. 23-Oct. 23). A stressful situation finally eases up as the focus shifts from you to someone else, probably a Scorpio. Take a deep breath, and let it all go. By tomorrow, whatever was bothering you will be just a memory.

SCORPIO (Oct. 24-Nov. 21). You're probably already feeling the effects of your ruling planet, Mars, giving you sign a nudge. Could you be any happier? You are positively electric and more than a little bit restless for the fun to begin.

SAGITTARIUS (Nov. 22-Dec. 21). Pivotal events in your early life made you who you are. You may suddenly find yourself wondering whatever happened to your best friend from grade school. Let go of any lingering fears or resentment.

CAPRICORN (Dec. 22-Jan. 19). There is a definite image you have of yourself that you want to get across. It's nice to look important, but it's more important to be nice. It's what's inside that counts, after all. Don't be afraid to show the world the real you.

AQUARIUS (Jan. 20-Feb. 18). Put aside any worries you have concerning politics or religion. You can always worry later about the Middle East or fret over the fact that your candidate for president didn't win. Focus on who your friends are.

PISCES (Feb. 19-March 20). Nobody is more attuned to the dwindling energies of another lunar cycle winding down than you, the last sign of the zodiac. You need plenty of rest, so your body and mind can regenerate. Go ahead -- ask for a little "me" time.
