Horoscope by Holiday Matthis

TODAY'S BIRTHDAY (November 11). Your year will center on issues of independence. Many of you will become self-employed within the next six months or retire altogether. If you're married, you'll find yourself longing for the freedom of your bachelor days or before you had children. Use these insights to revitalize your marriage and creative pursuits. Your lucky numbers are: 8, 17, 28, 30 and 44.

ARIES (March 21-April 19). Often, victory comes to us when we are at our lowest point. You understand that better than any other sign. You know that if you stumble around in the darkness long enough, you're bound to bump into the light switch.

TAURUS (April 20-May 20). The spring is back in your step, and the universe seems to be working for you rather than against you. Enjoy the harmonious improvements to your love life and your wallet.

GEMINI (May 21-June 21). All systems are go for a really fun weekend! Get a jump on it now by firming up your plans and rallying the troops. You have a good friend or older sibling who brings out the best in you. Include that person.

CANCER (June 22-July 22). Home is where your heart is and where all your astrological indicators are pointing, too. Expect big changes in this area and probably a lot sooner than you think. Consider where in the world you might like to move.

LEO (July 23-Aug. 22). Ch-ch-ch-changes (sung in the manner of David Bowie!) That's the operative word, and perhaps nobody is feeling it more than you. You have a glow about you, as if you're carrying a secret -- which of course you are, so don't tell!

VIRGO (Aug. 23-Sept. 22). A financial situation that's been stressing you out eases up consid-

erably. Perhaps a passive/aggressive client finally decides to send you that check he owes you. Maybe your favorite aunt slips you some mad money!

LIBRA (Sept. 23-Oct. 23). Anger melts away into the warm and toasty glow of love. It could be that you've met your soul mate or have kissed and made up. But let's not limit it to that. You are, to put it simply, in love with life again.

SCORPIO (Oct. 24-Nov. 21). You're like the phoenix. No matter how burnt out you get, you can rise from ashes and be reborn into the strong, beautiful bird you're meant to be! Hard life lessons teach you to transform and renew your life force.

SAGITTARIUS (Nov. 22-Dec. 21). An issue concerning real estate crops up. Your rent may increase, or you could refinance your mortgage at a really low rate. An elderly loved one facing a change of residence needs you. Let him or her know you'll help.

CAPRICORN (Dec. 22-Jan. 19). There's the old work rut again. Security is one thing; boredom is quite another. Find new diversions to keep things interesting -- anything from taking some new business classes to changing the wallpaper on your computer.

AQUARIUS (Jan. 20-Feb. 18). Issues of autonomy are coming to the forefront. If you're still not financially independent, that can affect your self-esteem. In love, consider how much space you need in the relationship. Don't be afraid to ask the tough questions.

PISCES (Feb. 19-March 20). Creativity versus stability is the theme. Are you willing to give up a steady paycheck to live the artist's life? Or are you craving a job that doesn't involve pin-stripes and time cards? Experimentation is the spice of life.
