Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (November 29). This year, you learn, travel and apply expert advice to live up to your greatest potential. Next month, you put your sweat and tears into a project, and you'll see victory in the new year because of your hard work. Believe you're meant for financial ease, and a breakthrough comes in February. Singles tie the knot in May, possibly with a Gemini or Leo. Your lucky numbers are: 1, 6, 30, 45 and 21.

ARIES (March 21-April 19). Parenting issues arise. If you are a parent, it's about shifting your style to accommodate the current state of things. If you're not a parent, it's about remembering what you were taught so you don't have to learn the lesson twice.

TAURUS (April 20-May 20). From the Latin word "discere," which means "to learn," we get the word "discipline." Self-discipline is really about educating yourself, not about creating more ways and reasons to punish yourself. Be nice to you.

GEMINI (May 21-June 21). There's an opportunity that comes to you solely because someone else slipped up. Be compassionate, but jump on this! Make sure you have fruit, cheese and drinks on hand at home. Someone is stopping by unexpectedly.

CANCER (June 22-July 22). Friends won't behave themselves, so don't expect them to. The best you can do is refuse to be embarrassed by other people's actions. Make sure to call things in the moment, and you won't have to blow up later.

LEO (July 23-Aug. 22). What's on your mind? Money, riches, booty! You've been working hard, and still, it's just out of reach. Get creative. A brainstorming session will open windows of financial possibility worth investigating.

VIRGO (Aug. 23-Sept. 22). While others concentrate on the frills and fancy finery, you find a practical action that will make the goal happen. By the way, without you, those nice little extras everyone likes would not be possible!

LIBRA (Sept. 23-Oct. 23). Despite your efforts, a relationship is still less than perfect. Perhaps it's lovely in its flaws! Anyway, you can still feel bad about a mistake and feel good about yourself. A Sagittarius helps you find compassion for yourself.

SCORPIO (Oct. 24-Nov. 21). Maybe you're blowing things out of proportion. But, more likely, your sense of proportion just isn't like other people's, and that doesn't make it wrong. There are times when it's fun to make a big to-do over a trifling matter.

SAGITTARIUS (Nov. 22-Dec. 21). You've got it all worked out in your head, but the question is whether everyone else can duplicate your plan. Too bad reality dictates that not everything will go your way. Communicate to the best of your ability.

CAPRICORN (Dec. 22-Jan. 19). Big responsibilities are featured, and so is the fear of doing it all wrong - it's a healthy fear, though, and one that will keep you honest. Your brainchild is beginning to "walk." This is the next best thing to being immortal!

AQUARIUS (Jan. 20-Feb. 18). You're a tad glib and could believe someone you'd usually agree is unbelievable. Then comes the mental descent from sublime dreams to commonplace reality. Do not lose faith in visions, though!

PISCES (Feb. 19-March 20). Consider yourself a protector! Hopefully, people will consult you before making silly decisions or falling for plays designed especially to appeal to the ignorant through sensationalism or cheapness.
