Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (December 6). Everyone is jealous as your brilliant plan unfolds! Deepening your relationship with your own intellect helps you understand the world better, love yourself completely and cherish loved ones openly. A career shift in January is in transition until March. A big check solidifies the change. Singles hold one relationship above all others in June. Your lucky numbers are: 12, 24, 35, 29 and 51.

ARIES (March 21-April 19). Let's face it. Though you start out with noble intentions, by noon, you're ready to blow off your work in favor of scanning the area for new, exciting experiences. Don't fight it. A mini-adventure actually enriches your work.

TAURUS (April 20-May 20). Make an unforgettable entrance. It's about time everyone's head turned in your direction -- your sensual presence is to be admired. If you're struggling with this flattery, take a serious look at what is hurting your self-esteem.

GEMINI (May 21-June 21). You pride yourself on being someone with a finger on the pulse of what's hip, what's now, what's on, but today, that pulse is faint and hard to feel. Honoring a tradition or participating in a ritual gets the energy flowing again.

CANCER (June 22-July 22). It's difficult enough to wake up, but enduring another droll-inducing meeting is the last thing you need! If you can't get out of a situation that has "deadly boring" written all over it, at least do something mischievous.

LEO (July 23-Aug. 22). You're not sure what's really going on, but it looks like a lot of work to get involved. If you must participate, you're tempted to sulk onto the scene like a frightened kitty walking into unfamiliar territory. Instead, go in loud and proud.

VIRGO (Aug. 23-Sept. 22). You're dealing with someone who has a social disability. When he or she clumsily steps over the line, you've got a choice: Avoid this person in the future, or point out the gaffe first and then avoid this person in the future.

LIBRA (Sept. 23-Oct. 23). You'll be made aware of a person to whom you never gave a second thought -- up until now. It could even be one of those where-have-you-been-all-my-life situations. Oh, right under your nose is all!

SCORPIO (Oct. 24-Nov. 21). It's easy to get nervous over the tasks that lie ahead. Make listening and empathizing your main mission, and some of those butterflies will leave your stomach. There's a reason you are the one in this situation.

SAGITTARIUS (Nov. 22-Dec. 21). Your interaction with loved ones has you second-guessing your approach. Is what you're planning even remotely possible? Of course it is! Listen through the negative stuff for information you can actually use.

CAPRICORN (Dec. 22-Jan. 19). To say you're overextended is a hilarious understatement. You're uber-extended! But that's just the kind of challenge you respond to best! Chumming around with friends will be the most enjoyable way to get motivated.

AQUARIUS (Jan. 20-Feb. 18). Crocodiles were once thought to weep large tears before eating their victims, thus the term "crocodile tears." You'll see a few of the insincere droplets fall today, and it's a signal to look more deeply into a situation.

PISCES (Feb. 19-March 20). You'll be making a plea for support. Remember that what everyone cares about the most is what's in it for them, not what's in it for you. Knowing this and catering to this side of human nature will help
