Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (January 6). Your laser-strength visualization powers will help you out through the psychic jumble and start attracting exactly what you need to improve your world. Start by imagining the perfect love and drawing it near to you. Impossible financial feats are pulled off brilliantly next month. Lucky love signs are Sagittarius and Taurus. Your lucky numbers are: 9, 40, 2, 15 and 16.

Whatever promise the day shows when you first open your eyes, it quickly morphs into not at all what you expected. The new concoction includes aimless wandering, emotional disconnection and general malaise. But this respite could lead to something creative and brilliant later. The moon void of course teaches us the value of downtime.

ARIES (March 21-April 19). There's a sleeping genius inside you just waiting to be awakened by the spark of inspiration. So scoot off to a lecture, the library or a museum. You've simply got to get into an environment that will ignite your passion!

TAURUS (April 20-May 20). It only takes a couple of broken spokes to compromise the roll of the wheel. Something in a relationship isn't clicking. It can be fixed if both parties are willing to make a minor adjustment. Start by re-distributing duties.

GEMINI (May 21-June 21). You're connected more than you know to the people around you. It takes a momentary disconnect for you to realize this. So appreciate the little rifts and misunderstandings that pepper your interactions.

CANCER (June 22-July 22). There's the love of your life, and then, there's the love of your life at the moment. Sometimes, they are all wrapped up in the same person or endeavor, like they are today, and it's a happy time indeed.

LEO (July 23-Aug. 22). The stars highlight your need for abundance. If you're leaving all of your time away to be able to pay your bills, you'll never get ahead. Figure out a way to

work part time on building your fortune.

VIRGO (Aug. 23-Sept. 22). Working on your health is spiritually rewarding -- cosmic attunement is a tangible thing in your world. You can almost hear the music of the spheres! On a practical level, this simply means you're feeling darned good.

LIBRA (Sept. 23-Oct. 23). Get the important stuff out of the way this morning, when your mental synapses are sparking. Someone near wishes you were less susceptible to the needs of others and more susceptible to his or her own desires.

SCORPIO (Oct. 24-Nov. 21). You win if the team wins. Sometimes, it helps to hear different opinions, but today, it's better to know that everyone is in agreement and working toward the same goal. Outside events provide a unifying jolt of happiness.

SAGITTARIUS (Nov. 22-Dec. 21). This day plays out like a wild jazz guitar riff, and you're grooving right along, though never sure where things are leading. This ability to remain loose earns you the reputation of being cool.

CAPRICORN (Dec. 22-Jan. 19). For some reason, it was easy yesterday to say, "I'll do that tomorrow." So there are now people expecting things from you, and if you don't deliver, it will be noticed. Maybe you just wanted to keep yourself productive.

AQUARIUS (Jan. 20-Feb. 18). The best thing you can do for others is to get yourself in physical alignment. When you treat the tweak in your back or the dry patch of skin, you are actually treating your loved ones to a centered, contented companion.

PISCES (Feb. 19-March 20). The wounded world seems to gravitate to you. You listen with patience and active sympathy -- to a point. Then, you provide the swift kick someone needs in order to get off the derriere and do something about it.
