Smith: Oregon fans should be ready for unpredictability

Continued from page 5A

from Mac Court, Cathrine Kraayeveld and Co. could be on the verge of a magical season.

Remember, A.I.P.

The only problem with anything is that everything (Murphy's Law) has the potential of happening and for some reason, the situation the Ducks are in, everything (Murphy's Law) seems to happen with greater frequency.

So Duck fans, prepare.

Prepare for gray hairs (I would just shave mine off anyway), premature wrinkles and age lines.

Keep track of how many years you have on this earth because you might possibly lose a few by March.

Get a squeeze ball.

Try not to punch anything too solid

(unless you want to pull an Aaron Brooks).

Try not to throw full beverage containers either in your own house or at the television in the bar. Have pre-determined, sacrificial objects that will suffice.

Finally, have passion but please, also have patience.

So with that in mind, take your seat in your favorite recliner (or your friend's, whichever works for you), bar or sports bar (Rennie's), bleacher (Mac Court) and get ready for one of the more unpredictable Pac-10 seasons in recent memory.

After all, it should be a blast.

No matter how maddening it could be.

against the Women of Troy after sustaining a minor ankle sprain last week. Redshirt sophomore guard Casey Bunn is the team's leading rebounder, pulling down 5.6 per game.

Oregon State's most notable inconsistency has been that no player has started all 13 games this season.

Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (January 7). Your excellent self-care attracts the best to you this year. This month features life-changing educational opportunities! Loved ones learn from you, and their success contributes to your success. Clear out any communication trouble, and get your living arrangement in order this month. Change your financial plan in March for a windfall in June. Your lucky numbers are: 9, 20, 41, 29 and 22.

ARIES (March 21-April 19). Believe in your talent. Beware of the trap of becoming an arm-chair philosopher or poet when you could rise to the level of a practicing artist. All of the rewards go to those who are willing to dig in and do the work.

TAURUS (April 20-May 20). It's a big challenge to break out of your fixed mind-set now. It seems that things are as they have been eternally and as they will remain forever. Being around a mentally bendy Aquarius or Libra is the remedy.

GEMINI (May 21-June 21). It's go-go-go time. The pace is fast, so not only are mistakes ignored, they are also of little consequence. The quantity of production outweighs its quality in the end. This evening brings riotous fun.

CANCER (June 22-July 22). Young people learn quickly because they have no preconceived notions. It's impossible to learn what you think you know already. A relationship can blossom when you stop anticipating the other person's next move.

LEO (July 23-Aug. 22). Everybody loves a shortcut, and you'll find one that many would benefit knowing. Keep it to yourself for a while, though. Your expertise is well earned, and others will respect it more when you don't share so readily.

VIRGO (Aug. 23-Sept. 22). Sweet gestures and kind words are exchanged. Friendships develop when you reach out because you want to, not because you've got anything in particular to gain from the interaction.

LIBRA (Sept. 23-Oct. 23). You're a dear; you're a doll; you're a pal! And this is why so much of your time is at other people's disposal. No one is going to think you're the bad guy if you say, "I wish I could help you, but I can't!"

SCORPIO (Oct. 24-Nov. 21). The stars remind you of the physical limitations we all share. Since you can't create more time in the day, in order to improve your life, you'll have to create more value. Aim for a bigger accomplishment.

SAGITTARIUS (Nov. 22-Dec. 21). Anywhere people gather to work on health is fabulous for your love life. If you are in a relationship, reinforcing your commitment to health makes you feel sexy. And if single, you'll meet others with like values.

CAPRICORN (Dec. 22-Jan. 19). It seems that your mood depends solely on how a key relationship is going for you. It's time to take the power back that you're so readily giving away. Feast at life's table instead of settling for the crumbs on the floor!

AQUARIUS (Jan. 20-Feb. 18). Ask for more -- just for the heck of it! People are surprisingly agreeable to your requests. The experiences you gathered from dating Mr./Ms. Wrong will help you make the most of tonight's adventure.

PISCES (Feb. 19-March 20). Your self-concept is going through another one of those incremental changes. Experiment by thinking, talking and dressing differently. Discovering a new aspect of yourself is like happening on a sunken treasure!
