Strange Brew by John Deering

Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (January 14). You take your life in a new direction this year, and you have more control than ever over one of them. It's liberating to know you can steer yourself with such precision -- an achievement in the next seven weeks proves this to be true. Solo endeavors in February make you appreciate partners even more. A Libra or Capricorn could steal your heart. Your lucky numbers are: 2, 8, 14, 25 and 10.

ARIES (March 21-April 19). Some activities that should fall under the category of success don't make you feel successful. Consider that success may mean something different to you than it does to others. Enjoying your creativity is key.

TAURUS (April 20-May 20). It seems safer to be floating in outer space than to get mixed up in certain relationship turmoil. But don't be fooled. Outer space has its dangers, too, what with the black suns, neutron storms, radiation and the like. Come back to Earth.

GEMINI (May 21-June 21). You'll take an action that has no other purpose but to make someone crazy. And to you, this falls under the category of "fun." That's the beautiful thing about you -- you're a provocateur. Never change.

CANCER (June 22-July 22). You'll learn enough about your fellow man to be glad for your own good fortunes -- and your misfortunes, actually. Your complaints about life are so much more appealing and interesting than anyone else's!

LEO (July 23-Aug. 22). Once again, there's proof that intellect is wasted if one isn't also people smart. A concept explored in the first season of "The Apprentice" applies: There's little correlation between a high IQ and success in lemonade sales.

VIRGO (Aug. 23-Sept. 22). You're ready to go

it alone. Then, loved ones surprise you by wanting to be involved in more of your life's activities than you thought would interest them. Chalk it up to the fact that you're just cool.

LIBRA (Sept. 23-Oct. 23). Though it may seem strategic to play the freshman, eager for his upperclassman's counsel, this doesn't serve your long-term purpose. You already know more than you think you know. Trust that, and dive into your project.

SCORPIO (Oct. 24-Nov. 21). Your status in the game isn't determined by a solitary winning move or a single losing move. Taking steps forward and backward is to be expected. Cheer yourself on no matter what, and others will follow suit.

SAGITTARIUS (Nov. 22-Dec. 21). You define your goals and targets, but then, when you get going, it doesn't feel like work. It feels like you're just being really silly. That's how you know you're on the right path.

CAPRICORN (Dec. 22-Jan. 19). Whether negative or positive, you put your attention on things for a reason. Regarding your arch nemesis. It's obvious to the rest of the world that you really care for this person, but you may still be too stubborn to admit it.

AQUARIUS (Jan. 20-Feb. 18). You're so over being heavy and serious. Doting on someone who doesn't particularly deserve it -- take your pampered pet, for instance -- puts you in a lighthearted, frivolous and exceptionally attractive mood.

PISCES (Feb. 19-March 20). You actually add hours to your life when you put a seal on one of your time drains. Perhaps stop watching a certain TV show, stop talking to a long-winded person or stop going into that store where the lines are so long.
