Strange Brew by John Deering

Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (January 18). Your theme this year is "living and loving in harmony." People come out of the woodwork to help you at precisely the right moment. In February, you acquire new technology that makes life easier, such as a computer or car. Spring is about mentors. Their lessons will stay with you a long time and also be viable! Lucky love signs are Aquarius and Taurus. Your lucky numbers are: 5, 19, 27, 52 and 44.

ARIES (March 21-April 19). You're not feeling particularly social, so don't even try to fight it. Use the astrological vibes to get in tune with your body. Hit the gym. Put on the Walkman, and vent some of that restless energy on the treadmill.

TAURUS (April 20-May 20). Emotional support comes in a feminine package. Reach out to a woman in your family, particularly a grandmother or elderly aunt. She needs your strength as well but may be too proud to admit it.

GEMINI (May 21-June 21). You're the clown of the zodiac now, juggling several different projects with ease and never letting anyone see the person behind the greasepaint. Watch for opportunities to delegate. The perfect person for the job is there.

CANCER (June 22-July 22). A difficult situation concerning a man (probably not a family member or someone with whom you have romantic ties) will arise. The best defense is a good offense. The element of surprise is on your side. Keep him off balance.

LEO (July 23-Aug. 22). The timing is right to begin any sort of spiritual practice, such as tai chi, meditation or yoga. Even if you've been practicing a particular discipline for years, you will benefit from a renewed sense of commitment.

VIRGO (Aug. 23-Sept. 22). You are able to convey your thoughts clearly to those you love. Even if the words aren't right, the emotion says it all. Your willingness to communicate even when you feel awkward will create even more love in your life.

LIBRA (Sept. 23-Oct. 23). Gratitude is one of life's greatest blessings. If something irritates you, thank the universe for giving you this opportunity to better yourself by rising above it. It is impossible to feel sorry for oneself while being grateful.

SCORPIO (Oct. 24-Nov. 21). As Yogi Berra said, "It's déjà vu all over again." But this time, a flash of insight into your own behavior could suddenly come to you, steering you in a new direction. Your curiosity is your best asset.

SAGITTARIUS (Nov. 22-Dec. 21). A friend or colleague is stretching his or her wings, experimenting with finding personal power within the group dynamic. Encourage this person. The karmic payoff for you is huge, even if you can't immediately see it.

CAPRICORN (Dec. 22-Jan. 19). The gateways to success are always open. If one door seems inaccessible, go around to the next. Keep trying until you find the one that yields easily to your touch. You, more than anyone, know the true value of patience.

AQUARIUS (Jan. 20-Feb. 18). A co-worker or parent figure may make his or her affections known to you. If you feel the same, congratulations -- you've made a love connection! If not, an honest discussion will restore the balance.

PISCES (Feb. 19-March 20). Snuggle up to your sweetheart. You feel a close emotional bond to your partner, that reassures you're headed in the right direction. Single fish could find late-night romance at a social gathering near the sea.
