Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (February 9). Your optimism makes all things possible! Working the kinks out of your personal life, perhaps with the aid of a highly educated third party, paves the way for beautiful relationships. You'll attract abundance this spring by accepting responsibility and embracing the habits of people already at the next financial level. Love signs are Leo and Cancer. Your lucky numbers are: 28, 5, 12, 1 and 35.

ARIES (March 21-April 19). You're holding a space open in your life to be filled by someone yet to arrive. At this very moment, the person could be starting the journey that will eventually lead to your heart. Keep the faith.

TAURUS (April 20-May 20). The early hours are filled with small, unexceptional details that mean nothing until seen in hindsight. Later, all the pieces fit together, and you'll finally have your answer to that mind-boggling question.

GEMINI (May 21-June 21). Politics heat up at work. Remember that you aim to thrive, and that's what sets you apart from the others who are merely trying to stay in the game. Everything is easy when you're coming from the right frame of mind.

CANCER (June 22-July 22). A rapid and remarkable transformation is featured. Perhaps you're finally applying the information you've been gathering for weeks, and the result is brilliant! In matters of the heart, you are offered the naked truth.

LEO (July 23-Aug. 22). Stakes are higher now and continue to elevate with the growing number of people involved in your scene. Lead the team, and encourage its members to think coherently, act together and recognize the opportunity at hand.

VIRGO (Aug. 23-Sept. 22). Something is going terribly right in your world! It's crucial to acknowledge this so you are inspired to continue to create more of the good thing -- even if you don't know how you created it to begin with!

LIBRA (Sept. 23-Oct. 23). You're being graded and will probably react to this fact with instinctive caution. However, the less you care about how others rate you, the more likely you are to enjoy your work. Dare to make an unpopular choice.

SCORPIO (Oct. 24-Nov. 21). There's a danger of becoming too mired in the details, semantics and structures of business and not having enough fun with your process. The creative spark visits you when you let go of needing to be perfect.

SAGITTARIUS (Nov. 22-Dec. 21). Someone isn't telling you the whole truth, which prevents you from achieving all the success you desire. Approach opponents in a non-threatening way. Genuine curiosity drives you to the heart of the matter.

CAPRICORN (Dec. 22-Jan. 19). You could argue forever about whether or not a move was justified, but the fact remains, what's done is done. The sooner you accept the current circumstance, the sooner you'll be empowered to do something about it!

AQUARIUS (Jan. 20-Feb. 18). Usually, you're lighthearted about your friendships, but something is different now. You think hard about your partnerships and push them to be better. Your focus and inventiveness make you extraordinary.

PISCES (Feb. 19-March 20). Make a study of what it takes to do better than everyone else. This requires you put any prejudice you have aside and remain as open as possible. (If you don't think you have prejudices, think again! Everyone does!)
