Horoscope by Holiday Matthis

TODAY'S BIRTHDAY (March 4). In this empowering year, you take control of your personal life and so feel better about your role in the outside world. Your health and work situation get a boost this month. April brings a cash infusion. Tackle your environment in the summer - improvement projects change your life. New romance is especially exciting with a Libra or Capricorn. Your lucky numbers are: 2, 16, 26, 48 and 49.

ARIES (March 21-April 19). You press the "reset" button on your life. Review your past lists, diaries and goals to see if they still apply. Wealth key: You have access to economic and market data -- utilize it more often!

TAURUS (April 20-May 20). Accept that you can't know everything, and even an impressive amount of experience can't insulate you from feeling shaky in an unfamiliar territory. You're disarming when you make a silly mistake. Use it to your advantage.

GEMINI (May 21-June 21). You are exciting, unpredictable and eccentric. Treat relationships like gold. The temptation is to play games -- because you see how glibly others are when it comes to you -- but be merciful with a tender heart.

CANCER (June 22-July 22). Look beyond the immediate. Greater things await you if you keep your eye on the goal. Someone who has you on a pedestal may finally get a dose of reality -- ultimately better for you both.

LEO (July 23-Aug. 22). The little things are a thrill, like a special phone call, a chance to win a contest or a compliment heard through the grapevine. Get together with family, and there will be hours of sitting around the table and sharing stories.
