## Horoscope by Holiday Matthis

**TODAY'S BIRTHDAY** (March 11). You're on a mission -- nearly obsessed, really! This intense degree of focus is what it takes for mastery and attainment of something that goes to the elite few! In May, circulate, and make valuable contacts. Finances improve, and because of this, you're able to fund life-improving summer projects. Love is an adventure with Leo and Libra. Your lucky numbers are: 9, 30, 45, 12 and 28.

**ARIES** (March 21-April 19). That unpleasant person or awkward issue must now be dealt with directly. Avoidance is pointless. Like a bad French movie, your life will keep intersecting with the thing until a madcap culmination is reached.

**TAURUS** (April 20-May 20). When communication is missed and events don't unfold cleanly, extend the benefit of the doubt. You're so on the go that even people who should know how to find you have a hard time tracking you down.

**GEMINI** (May 21-June 21). The saying goes that "rejection is God's protection." In spite of recent reversals, the demand for what only you can deliver has not slackened for the slightest. You're still charismatic, and tonight's events prove it!

**CANCER** (June 22-July 22). You're a giving soul. But the neediness in the world is just too strong a current, and succumbing to it will drag you in over your head. Thank you won't be able to give people all they want from you, give what you can.

**LEO** (July 23-Aug. 22). Your inventiveness, intuition and ingenuity sparkle up everything you touch. You've got answers that even the powers of Google couldn't deliver! Too bad friends don't follow your advice, but hey, at least you follow your own!

**VIRGO** (Aug. 23-Sept. 22). Sentimentality dictates some of your activities. It's not like you, and maybe that's the appeal. You feel soft and pliable. It's time to admit it: Your passing fancy is growing into an abiding attachment.

**LIBRA** (Sept. 23-Oct. 23). You'll witness the domino effect. Perhaps the snarled-up plans of the day would discourage a less creative soul, but you'll make something magical out of the whole mess! You're nothing if not resilient!

**SCORPIO** (Oct. 24-Nov. 21). Your psychic antennae are activated. Someone is either talking about what you can do for him or her or fantasizing about same. What a coincidence -- you were just thinking about what that person might do for you.

**SAGITTARIUS** (Nov. 22-Dec. 21). What's life without glamour, art and adventure? Unless you do some research or make some plans for the weekend, you're about to find out! Get on that! A Gemini can contribute.

**CAPRICORN** (Dec. 22-Jan. 19). Even if you're destined for a day of labor, find ways to cut loose and have a little fun. Your association with a Leo or Aquarius helps. Playful electricity is in the air. Join the merry-go-round of people out and about.

**AQUARIUS** (Jan. 20-Feb. 18). What would happen if you just let go of justifying commitment issues? Maybe you're just fine with the level of commitment you have! Love is more fun if you play it by ear now anyway.

**PISCES** (Feb. 19-March 20). Abandon antiquated ideas and outdated methods for the modern, streamlined and efficient. The more you automate your life, the more time you have to be frivolous and spontaneous! Reintroduce yourself to the concept of fun.
