## Horoscope by Holiday Mathis

**TODAY'S BIRTHDAY** (March 14). Love is the magic that keeps you motivated this year. Once you connect with your kindred spirit, you spark a fire that has the potential to burn eternally. Stand up for your ideas in May when you're met with challenge, and you'll prevail both artistically and financially. As long as you know you're right, whatever they may think or do can't possibly matter! Your lucky numbers are: 10, 43, 27, 16 and 5.

**ARIES** (March 21-April 19). All is well in your special relationship as long as you stay tuned to your inklings. In business, sensitize yourself to early warning signs that a deal isn't for you. Beware of someone who has no conscience.

**TAURUS** (April 20-May 20). You're a regular disturber of the peace! Finally, people are paying attention, though perhaps not in the way you intended. This evening, loved ones impart info that strikes at your very core. Take the time to process it.

**GEMINI** (May 21-June 21). It's now in vogue to use the word "amazing" to describe even the most ordinary pleasant interaction. However, today, you'll have an exchange that truly is amazing - your jaw will drop, and you'll have to catch your breath!

**CANCER** (June 22-July 22). You were gifted with psychic intuition for a reason, so use it - perhaps to leave that bad boyfriend/girlfriend before you even meet. One good decision affects your whole life.

**LEO** (July 23-Aug. 22). The gods of love are smiling on you. But for the many Leos who are now in the middle of an important deal, it's important to separate yourself from the outcome - you're holding on so tight that your desire is getting strangled!
