OREGON DAILY EMERALD

The ODE is an equal opportunity employer committed to a culturally diverse work place.

Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (May 13). This year, your
 beliefs are challenged, which allows you to
 know who you are with all your heart. The next
 10 weeks are for establishing your personal
 boundaries because relationships mold to your
 specifications. Get away in July. Singles meet
 many eligible partners; one stands out in Au-
 gust. Love signs are Sagittarius and Pisces.
 Your lucky numbers are: 5, 24, 3, 18 and 43.

ARIES (March 21-April 19). Some of your
 friends are already doing well where you long
 to succeed. It's not a contest! There's still plen-
 ty of time to get the results you want. Chart out
 a plan that includes a timeline and a desired
 end result.

TAURUS (April 20-May 20). You're successful
 because you put people first, no matter what
 comes up. For instance, it helps to know how
 to run the computer programs or gadgets at
 work, but interpersonal skills are the most im-
 portant.

GEMINI (May 21-June 21). Creatively you are
 on fire. Imagination furthers your business, but
 only if you are ready to get real about the finan-
 cial end of things. Zero in on the hard facts.
 Tonight, your vulnerability is attractive.

CANCER (June 22-July 22). State your written
 affirmations in the mirror. What? You haven't
 written down your No. 1 desire? Do it now! If
 it's not on paper, your chance of making it hap-
 pen is significantly decreased almost down to
 zero.

LEO (July 23-Aug. 22). Planets are on your
 side as you try to achieve greater spiritual bal-
 ance. Less ego involvement makes it easier to
 see what you really want. Model the behavior
 you'd like to see from others.

VIRGO (Aug. 23-Sept. 22). Communication is-

sues arise. Consider that it might be you (even
 though it's clearly not). This allows you to at
 least handle what you do have control over --
 your reaction to the problem.

LIBRA (Sept. 23-Oct. 23). History repeating is
 the theme, but it doesn't have to be. Someone
 from your past shows up, and you have no in-
 tention of making the same mistake twice. Pat
 yourself on the back for the maturity you've
 developed.

SCORPIO (Oct. 24-Nov. 21). Be ready to ride
 the wave of fabulous fortune when it comes.
 (Good things take time. Great things happen all
 at once.) Tonight, attend a social function with
 a smile on your face and a radar for romance.

SAGITTARIUS (Nov. 22-Dec. 21). What's "nor-
 mal" for your life is about to change, either be-
 cause you fall in love or because you become
 immersed in an intense project. The total im-
 mersion makes you feel completely alive; every
 sense is heightened.

CAPRICORN (Dec. 22-Jan. 19). Barriers to for-
 ward movement are finally eliminated. Now
 what? There are wise people around, so be
 sure you are really listening (instead of wait-
 ing for the next opportunity to restate your case).

AQUARIUS (Jan. 20-Feb. 18). Let nothing
 hamper your independent spirit. Ask yourself
 whether the tapes playing in your head are self-
 imposed thoughts or thoughts that others
 have planted in your mind.

PISCES (Feb. 19-March 20). You are the voice
 of experience. Loved ones are learning, so be
 patient -- there will be errors you can't help.
 Luckily, you would rather get along than prove
 your point, which is a credit to your character.
