## Roetman: Cubs' sweep of Dodgers leaves friend upset

Continued from page 9A

performance from 300-game winner Greg Maddux.

Tuesday's contest was a pitching duel between a pair of fat, hard-throwing right handers in Carlos Zambrano and Brad Penny. The game ended up going to extra innings in which the Cubs won 2-1 in 10. Zambrano didn't allow an earned run and gave up only one hit — a Cesar Izturis duck snort over the short-stop's head — in eight innings.

The Dodgers' inability to score runs during the first two games placed Brandon into a daze as he walked through oncoming parking-lot traffic after Tuesday's game with no regard for his own personal well-being.

Just to make things worse for the guy, we were welcomed back to our room by the stench of vomit after some tool, who probably couldn't hold his or her liquor, sprayed all over the hall carpeting.

The final blow was delivered Wednesday when the Cubs completed the three-game sweep by defeating the Dodgers 9-5 behind three-run homers from Derrek Lee and Neifi Perez. Attention to the game was interrupted, however, when a late-inning brawl erupted in the upper deck in right field. Several people nearly tumbled to their

deaths by falling over and sliding under the protective railing.

After the game, I had no choice but to talk a little smack to my beaten buddy as we walked out of the stadium. After only a few verbal pokes, however, the man started shouting obscenities and pointing at me in an uncontrollable fit of rage I hadn't seen since the last time I was in a serious relationship.

The good news is that he eventually calmed down after putting in a dip and we ended up getting drunk in Huntington Beach.

Other trip highlights included: Me eating a "double king with cheese meal" from Fatburger, only to be outdone by Brandon, who ate the same thing with a fried egg added on. Oh, I forgot to mention he also ate a freakin' chili-dog.

This line from Brandon after the sweep was complete: "I need a gallon of Jager and a shirt that says, 'Do not resuscitate.'"

With this being my last year of college, random "friendly" trips to baseball games are no longer guaranteed. What is guaranteed, however, is that this was one of the best times of my life.

Speaking of substandard living ... Eugene, here we come.

**Horoscope by Holiday Mathis**

**TODAY'S BIRTHDAY** (June 3). It's a year to take decisive action -- your burning desire gives you confidence. This month's financial opportunities come because you perform brilliantly on the job (regardless of how mundane that job may be). You're moving up by September. Love and home are the focus in July when both will improve markedly. Love signs are Libra and Aquarius. Your lucky numbers are: 2, 10, 6, 9 and 20.

**ARIES** (March 21-April 19). You're controversial and you wouldn't have it any other way! Make the attention you're getting work for you by also being a shameless self-promoter. Late in the evening, a loved one brings out another side -- soft and sweet.

**TAURUS** (April 20-May 20). You don't have to always spring for dinner or be the one to pay for the tickets. Friends appreciate other kinds of generosity, too -- like when you listen without judgment. Tonight, you are entertaining company.

**GEMINI** (May 21-June 21). You do what you do out of a sense of genuine altruism, but some could wonder what you want in return. Make your intentions clear or, better yet, give anonymously. It's really good for the soul!

**CANCER** (June 22-July 22). The big, complicated world gets rather simple when your domestic life is in order. The keys to family happiness are: respect, shared routines and working consistently for a common goal.

**LEO** (July 23-Aug. 22). A minor scandal pumps intrigue into your life -- not a moment too soon (you thought you'd die of boredom). Offset "wickedness" with good. (You have the rare talent of being able to do good without being pious.)

**VIRGO** (Aug. 23-Sept. 22). You're in the habit of letting your head rule over your heart. But it's spring! Flights of fancy are the norm, not the exception. Listen to what your heart has to say, and use that brain of yours to make it happen.

**LIBRA** (Sept. 23-Oct. 23). Not only is dancing a blast, but it's also great for the body and mind. Put on those boogie shoes tonight. Hit the floor at a local club, or you could host your own dance party in the comfort of your living room.

**SCORPIO** (Oct. 24-Nov. 21). Artistic projects are featured. This is no time to throw everything into the pot. The more specific and particular you can be, the better your project will turn out. Some even say you are a genius!

**SAGITTARIUS** (Nov. 22-Dec. 21). Liberating thoughts: "There" is no more exciting than "here." You will be exactly as happy "then" as you are "now." No one is better or worse than you. Now that that's out of the way, you can have fun!

**CAPRICORN** (Dec. 22-Jan. 19). That little voice inside you needs a microphone to be heard. Either turn it up, or turn the outside world down -- because that voice has something to tell you today that you don't want to miss.

**AQUARIUS** (Jan. 20-Feb. 18). You're among the few who do not gauge success by a job title or a bank account. Your secret? Doing what fulfills you. Your contentment inspires others to seek more gratifying employment opportunities.

**PISCES** (Feb. 19-March 20). There's no shame in wanting less responsibility at work. You know what you're mentally and emotionally willing to give your employer. Other aspects of your life benefit from a low-key lifestyle.
