Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (October 4). This year, it feels fantastic to be noticed for your contributions, big and small. But the "big" contributions get more of your attention for the next three months. You are determined to make a project fly before 2006 launches. Good news in December leads to a financial breakthrough. Your connections with Aquarius and Virgo are thrilling. Your lucky numbers are: 5, 34, 15, 23 and 11.

ARIES (March 21-April 19). You're in a large mood and have an appetite to match. The diet goes out the window with the budget. The only carrots you're interested in are the number carats in the gold and diamonds you're dreaming about.

TAURUS (April 20-May 20). The degree of mental clarity that you possess now doesn't happen every day, so take advantage of it. No one else can, will or should tell you what to want. If they do, stay away!

GEMINI (May 21-June 21). It would be so cool if all of your good deeds and bad deeds would cancel each other out. Then you could always make up for something bad by doing something good. But since it's more complicated than that, just be good.

CANCER (June 22-July 22). Experience may very well be the best teacher, but that doesn't mean you have to have done something before in order to be fantastic at it. Sometimes you're just a natural -- like you are when you try something new today.

LEO (July 23-Aug. 22). Eating celery doesn't make you skinny, just as going to church doesn't make you a saint. But hey, it's a start, which is exactly what you need now. Every time you fall, get right back up.

VIRGO (Aug. 23-Sept. 22). You can try to discard an experience, but it won't work. Everything that happened really happened. The way to "tid" yourself of the past is not to deny it, but to transcend it by forming a new opinion about it.

LIBRA (Sept. 23-Oct. 23). You're open-minded, but somehow even your most out-there beliefs are not controversial. This is probably because you approach life with such levity now that it's practically impossible to offend anyone.

SCORPIO (Oct. 24-Nov. 21). You can't help but notice all the superficial and plastic stuff around you -- and you're the reality check. A gem. Beautiful and raw. So speak up, and blow the cover off the whole operation.

SAGITTARIUS (Nov. 22-Dec. 21). Your identity as a traveler is featured. You've always roamed and you will continue to, even if it's only in your own neighborhood. Consequently, you know things about your neighborhood that nobody else does.

CAPRICORN (Dec. 22-Jan. 19). Temptations abound. There's a way to pursue your curiosity without falling down the slippery slope. Be the interviewer of lost souls, and then don't do what they have done.

AQUARIUS (Jan. 20-Feb. 18). The stars are like great equalizers, making your far-out wishes not so far out after all. It seems you cannot avoid being at the right place at the right time. You could even hang out with one of your heroes.

PISCES (Feb. 19-March 20). Your joy won't be suppressed. How wonderfully unfashionable! Someone truly worthy will be attracted to your unbridled enthusiasm. (So don't be too embarrassed to gush.)
