Horoscope by Holiday Matthis

TODAY'S BIRTHDAY (October 17). This year is huge for you in terms of leaping to the next level of fulfillment in many areas of your life. Over the next three months, you simultaneously shed old ways and submit to new rules. Family supports your radical decision in December. Travel goes well then, and you could decide to move, too. Aries and Gemini are affectionate partners. Your lucky numbers are: 26, 1, 39, 48 and 5.

ARIES (March 21-April 19). It's not that you're old, but you are in a rather mellow mood. With all the stress in your life lately, you look forward to being "chilled out." Dining in and watching a movie might be all the excitement you need right now.

TAURUS (April 20-May 20). Something you thought was so over is really just beginning. Surprises like this make you doubt your intuition. Don't worry. Your intuition hasn't failed you -- you were only thinking too small.

GEMINI (May 21-June 21). Seriousness is (seriously) overrated. What you need is a bit of ridiculousness to put everything back in the proper perspective. Listen to the score from a musical, or dance around in your funny-foot pajamas.

CANCER (June 22-July 22). You can't close your heart -- not even if you try. You're so sensitive to what people need and how they feel now. It's nearly impossible for you not to do something to try to make the situation better.

LEO (July 23-Aug. 22). It's not so wrong to dream about a thriving business, the big house and the expensive car. But it's not about what you acquire through this lifetime. It's about who you become along the way.

VIRGO (Aug. 23-Sept. 22). You're hardwired to believe that you must always be moving in order to be productive, but it's not true. Inspiration comes when you are most relaxed. By the way, there's an art to idleness. If you're going to relax, do it right!

LIBRA (Sept. 23-Oct. 23). Influential people have an agenda and wish that you would fall in line with it. However, if you don't think for yourself, then you're thinking in vain. Take a stand.

SCORPIO (Oct. 24-Nov. 21). A rebellious activity is featured today -- perhaps it's you rebelling against yourself. Still, you must fight the battle! You could overturn a habit that was considered just another regular part of your routine up until now.

SAGITTARIUS (Nov. 22-Dec. 21). Suddenly, the potential of a situation crystallizes in your mind. Envisioning is halfway to making it so. Hold the image in your head as you go through your daily activities.

CAPRICORN (Dec. 22-Jan. 19). When you hear people talking around the proverbial water cooler, you'll wonder what happened to good old-fashioned compassion. Be the example. Lost souls will be enlightened by your point of view.

AQUARIUS (Jan. 20-Feb. 18). Pull out that list of places you'd like to go "someday." Your someday is coming, and this is the ideal time to find a decent price for transportation. Exceptional luck with the opposite sex is also featured.

PISCES (Feb. 19-March 20). Your faith has been strong, but you need to see tangible results now. Ask for a sign, and the stars deliver one right away. You'll not only be inspired by it, but you'll also inspire people around you.
