"You don't have to convince me that life

isn't fair, pal. Do I look like a symbol of

virility to you?'

Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (November 4). There are so many opportunities to revel in your power this year! Your career sprouts wings, and you no longer feel bound by the forces that kept you down before. Give love another chance in December. Doing business with family is favored in the sortion at braftler you could make

vored in the spring – together you could make a mint! Love signs are Taurus and Gemini. Your ucky numbers are: 7, 33, 20, 36 and 38.

ARIES (March 21-April 19). You are in a state

of flux, not willing to commit to even the sim-plest of daily habits. Wondering "what would do?" will help you get centered. (Fill in the blank with your icon of choice.)

TAURUS (April 20-May 20). Your opinions are strong, and they won't be shared by many of the people around you today. However, you can and will make your point without making an en-

GEMINI (May 21-June 21). Your busy life may

be leaving someone out — someone very close to you, no less. It only takes five minutes to re-connect with your loved one. You're so happy when you take the time to do so.

CANCER (June 22-July 22). The song of your soul is like the classic Russel and Ellington heartbreak song that goes, 'Don't get around much anymore...' It's hard to go to the old places without that special person, but do it anyway, and you feel like a winner!

LEO (July 23-Aug. 22). Too much of anything can drive you off the straight path — including too much of being on the straight path. Explore your 'bad' self. Be willing to ruffle someone's feathers or disturb the status quo if it's how you really feel.

RGO (Aug. 23-Sept. 22). You're the sign of

tangible results. You believe that you can improve anything you can quantify. But if you can't quantify it, you can't improve it. Get hard facts and numbers in places you didn't think to look yesterday.

LIBRA (Sept. 23-Oct. 23). This is a chaotic day

unless you make up your mind early on and stick to your plan. If you think you can do it, you can. If you think you can't do it, you're right about that, too.

SCORPIO (Oct. 24-Nov. 21). With what part of your work are you least familiar? This is the perfect day to get educated. People are open to sharing all they know with you. Give other water signs (that's Cancer and Pisces) the benefit of the doubt.

SAGITTARIUS (Nov. 22-Dec. 21). Being pre-pared is your key to confidence. When you know you can deliver the goods, you have no problem selling yourself. A stranger is your link to new friends and possibly love. Chat up

CAPRICONN (Dec. 22-Jan. 19). The stars align to nudge you toward that place you've always wanted to go. Pictures, scents and foreign accents fill your head with curiosity. Tonight, start to form a plan about how you'll get there.

AQUARIUS (Jan. 20-Feb. 18). Though you

have very few regrets, you do have one or two persistent ones. Regret is an opportunity to do things differently when they pop up in your life again -- and important lessons always do.

PISCES (Feb. 19-March 20). Your window into someone's soul is not through the eyes, but through the deeds this person does today. One action says it all. Read the signs, and react to
