OREGON DAILY EMERALD

Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (November 21). This year, you make "it" happen -- and only you know the desire you have that is strong enough to be your "it." Your tremendous show of heart brings love's power to bear on your most pesky problems. Professional wins have you celebrating through the spring. Your relationships with Taurus and Aries people are tight! Your lucky numbers are: 40, 53, 21, 27 and 25.

ARIES (March 21-April 19). The scale in your mind is a little off -- relatively light matters are weighing in too heavily. You needn't agonize! Try it one way, and if it doesn't work out, try it another way. It's no big deal.

TAURUS (April 20-May 20). You feel you were somehow shorted in the relaxation department. Did that really count as a weekend? Indulge yourself to make up for it. You were going to anyway -- all you needed was permission. (Oh -- and don't feel guilty!)

GEMINI (May 21-June 21). Commit your time. It's your turn. Usually the rules of being in a relationship involve spending time with the other person's "people." There's no way to get out of it gracefully, so don't even try.

CANCER (June 22-July 22). Your willingness to adapt your work takes you far. As the boss, you sometimes do the same tasks as your underlings. And as an underling, you sometimes do what would normally be reserved for the boss.

LEO (July 23-Aug. 22). When you come to the limit of your budget, your ingenuity will take you the rest of the distance toward getting your project finished. But don't be afraid to ask for more money. The boundaries are flexible.

VIRGO (Aug. 23-Sept. 22). You're strong, so others might mistakenly think they can be weak around you. You'll be listening to some whining and complaining -- symptoms of a victim mentality. Practice tough love.

LIBRA (Sept. 23-Oct. 23). What you once did out of nothing but the kindness of your heart, you now feel obligated to do. Ask yourself if you really need to be considered a saint right now.

SCORPIO (Oct. 24-Nov. 21). It's challenging to focus on one thing at a time -- but doing things in that manner is the only way to finish. Allow yourself to mess around some in order to get in the mood to work.

SAGITTARIUS (Nov. 22-Dec. 21). It's like you're seeing your world from the point of view of a stranger who just wandered in. Realizations about where you're at and where you want to be this time next year cause you to shift into high gear.

CAPRICORN (Dec. 22-Jan. 19). Like an NBA player who can shift strategies mid-air, you adjust when you need to. You'll get points for grace. Loved ones are in awe -- or at least they should be!

AQUARIUS (Jan. 20-Feb. 18). Because you're a possibility thinker, you'll be asking yourself the tough questions like, "Is this the ideal job/town/mate for me?" Pat yourself on the back for being brave enough to even consider leaving what you know.

PISCES (Feb. 19-March 20). Every interpersonal connection has its own dynamic and language, which you'll be in a position to defend and justify now. Nobody knows what a relationship is really like except the people in the relationship.
