OREGON DAILY EMERALD

Rubes by Leigh Ruben

Horoscope by Holiday Mathis

TODAY'S BIRTHDAY (November 22). This year brings a rainbow of creative options. Your need for greater freedom requires you to confirm your original decisions about where and how to make a living. When you love your work, a windfall in December and March is no surprise. Follow your adventurous spirit overseas in June. Love with Leo and Pisces people is vibrant. Your lucky numbers are: 2, 40, 17, 9 and 32. ARIES (March 21-April 19). You hate feeling supervised but don't mind being put in a position to supervise others at all. You have an eye for how to complete tasks simply and correctly and a talent for relaying to-the-point information. TAURUS (April 20-May 20). Patience and planning pay off -- you'll be rewarded handsomely! This gives you the guts to embark on an all new journey into the unknown. Settle accounts with loved ones first. GEMINI (May 21-June 21). Happiness depends on conflict resolution. You do so because it's your objective to do so. (Others who are less successful in this endeavor care more about winning than reaching an agreement.) CANCER (June 22-July 22). You forgo what is practical and useful for what is just plain fun. You may have extended your life with this decision -- laughter and levity have a way of improving your health. LEO (July 23-Aug. 22). You'll face dilemmas that not only vex you but define you as well. Will you forge ahead with the information you have or wait to check in with the powers that be? Think like a leader. VIRGO (Aug. 23-Sept. 22). Cindy Sheehan smiled big as she was being arrested at a recent war protest. The photo-effect made her look more like a person crowd-surfing a rock concert than being carried away by police. You'll pull off such an illusion today. LIBRA (Sept. 23-Oct. 23). Detach yourself from the outcome of a problem -- again. (You thought you were already detached, but if that were so, you wouldn't be so wound up about what's going to happen next!) SCORPIO (Oct. 24-Nov. 21). Safety, health and well-being have slipped from the top of your list in order to accommodate demands at work. Restore harmony to your body and personal life, and your work situation eases up. SAGITTARIUS (Nov. 22-Dec. 21). When you give up the need for total security, you'll feel an immediate rush. You're really living! You might be so bold as to let yourself feel the ecstasy of true love. CAPRICORN (Dec. 22-Jan. 19). The stars are perfect for getting smart. There are many ways to educate yourself, from the formal (signing up for a correspondence course) to the informal (taking a savvy friend to lunch and picking his or her brain). AQUARIUS (Jan. 20-Feb. 18). You're so hyper-aware of your health that you may imagine symptoms you don't have or exaggerate the ones you do. Perhaps the healthiest thing you can possibly do now is focus on something other than your health. PISCES (Feb. 19-March 20). Good ideas come gracefully and quietly into your life. So don't expect to be dazzled by brilliant shafts of light piercing through the clouds with the arrival of the right answer. Instead, it flutters in and lands softly on your heart.
