## The City and Vicinity

Mrs. M. A. Peters returned a day or two ago from a six months stay at Tacoma.

"Dad" Stewart, the oyster house man, has been ill the past few days and scarcely able to attend to business, but he is about straightened out now.

The coming of the students makes quite a little business for the local postoffice. Following so closely on the inactivity of the summer months the increased work seems none the less lighter.

A short time ago Frank Howell ran a small splinter into his hand. Blood poisoning set in and for two weeks or more he has been suffering terribly. The injured hand is now getting better and it is probable that Mr. Howell can be at work in another week or two.

R. J. Smith, of Lynch, Neb., has arrived here and will open a fine jewelry and watch store in Mrs. Wetherill's millinery parlors on Madison street. Mr. Smith is now busily engaged installing his show cases and arranging his stock and will be ready for business about October 1st.

Bergman, famous hurdler at O. A. C. last year, has arrived and will go in for football this year. Cross, the mile runner last season, is also on deck and he, too, will strive for football honors. Both are husky young fellows and there is a strong probability that both will make the first team.

A. L. Snell and Bennett Olsen, two teamsters of the Five Rivers country were in Corvallis over night. Like all the other Alseans they are proud of the work being done on the roads in that section. Every Alsean who comes to town boosts for roads, and it can not be denied that they are setting the county a splendid example.

Two farmers in southern Benton county sold their ranch effects recently, their total sales being about \$1600. Of this amount less than \$350 was paid for by note. Those who bought either had cash or wrote checks. As an indication of the prosperity of the Benton farmer, this is all that could be desired. It is also reported that property disposed of at recent sale has brought fair prices.

A bunch of sweetwater grapes ten inches long and six inches wide at top found its way to this office this morning, and in the basket which brought the grapes came nutmeg cantaloupes with a flavor not surpassed by the melons from Rocky Ford district. Both grapes and nutmegs were raised in Corvallis and as samples of what the ground will produce are A No. 1. The Gazette-Times is indebted to Misses Anna and Elma Hite for this luscious fruit and returns thanks. These fine specimens were raised in the Hite garden, which produces enough of like kind for Mr. Hite to supply a goodly number of households.

The Baptists have finally landed a minister—the Rev. Mr. Rossford, of Chicago. That gentleman will come to Oregon at a very early date and take up his duties here. Mr. Rossford is 34 years of age, and while pastor of a Chicago church at the present time, has engaged in young men's uplift work some time before. He comes highly recommended and at a salary of \$1200. The Baptists have been without a pastor some time and are immensely pleased that they have secured Rev. Rossford. Until he arrives here, Rev. Wherry will continue in charge of services here.

Three or four prospective students at O. A. C. have returned home because of being unable to find board and rooms at a price that would enable them to stay. These boys were unable to secure accommodations for less than \$18 or \$20 a month and they thought this too high. When it is considered that at Cauthorn Hall, where every effort is made to furnish the student board and room at the least expense and no profit, the monthly cost of living reaches between \$14.00 and \$15.00 per month of thirty days, the present cost of private board does not seem outrageously high. Still the public should be careful to not kill the goose that lays the golden egg.

Roseburg News:—T. W. B. Smith, of Corvallis, accompanied by Mrs. Smith is in the city on the way to Klamath Falls to visit their daughter. Mr. Smith was a resident of Roseburg forty years ago, when the town was small but full of energy and boasting of being the terminus of the O. & C. R. R. He was also freighting from Scottsburg to Winchester when the county and all Southern Oregon and Northern California bought their supplies from Scottsburg, after that town had received them through the mouth of the Umpqua at Gardiner, and a railroad would have been regarded as the impossible realization of a crazy man's dream. When he looked at Roseburg today he realized that the town had been growing bigger and better while he had been growing older, and he was glad of it.

Walter Wiles, of Wells, was in the city today.

S. J. Smith and family left today for Walla Walla.

Mrs. Roy Stewart left today for her home at Mill City after a pleasant visit here with her uncle, W. H. E. Gibbon.

The members of the K. L. C. E. will hold their first monthly business meeting in the Evangelical church Thursday at 7:30 p. m. It is desired that all members be present.

R. J. Tracy, one of the popular O. A. C. students last year, is down from Eastern Oregon today after books and paraphernalia left behind when he departed for home last spring. His business interests make it inconvenient for him to return this year.

The Right Rev. Bishop Spalding, of Salt Lake City, will speak at O. A. C. convocation next Wednesday. The students will not hear a more brilliant speaker during the year. Spalding is a man of tremendous mental endowment and is a strength to all who see and hear him.

Mr. J. R. Welch, wife and daughter were visiting this week with C. A. Dobell and family. Mr. Welch and Mr. Dobell were associated together in the banking business in Iowa twenty years ago, where Mr. Welch is now in business. Mr. Welch is one of the best known bankers and politicians in his state and showed himself a good mixer while here.

Elbert Hubbard, one of the most prolific writers and speakers of the present age, is scheduled for an address at the Agricultural College Armory next Saturday evening. Hubbard is one of the real live wires, and is loved and hated by more people than any other on the globe today. His friends say he is one of the greatest forces for good that has ever arisen; those who dislike him insist that he is a charlatan, a brilliant faker of questionable morality, and one whose writings should not be given a place on the center table. There is nothing about Hubbard that is ordinary—he is whacking away at something always and he cuts with a razor blade. Even those who dislike him most admit that few men of history have had his capacity to inspire thought or his ability to make the most commonplace things vital. He is the father of the Roycroftie and hails from East Aurora, N. Y., where Ali Baba also lives and has a being. As the people read him and then berate or praise him, Hubbard continues to scribble at about \$2.00 a word and publish in his monthly Philistine the vicious things said of him. No character greater than Hubbard will visit Corvallis in the next decade.

## EUGENE GETS NEW THEATER

It was definitely announced yesterday that Eugene is to have a new theater. The building is to be erected by Mrs. M. E. Watson and Julius Goldsmith and is to occupy a part of the space now occupied by the electric theater and the Goldsmith building.

The electric theater being a wooden structure will be torn down and the new theater plans, together with other improvements, will make it necessary to extend both buildings back to the alley, making a building 44x160 feet.

## RUNAWAY AT MONROE CITY

MONROE Sept. 28—A. A. Meek, who has been loading wheat on the C. & A., was returning home when the team got frightened at a passing motorcycle. The seven-year-old son of Emmitt Moore, who was in the wagon, was thrown from the spring seat when the wagon overturned, narrowly escaping death. The team ran about a mile to the Bruce store and hung up in the fence. No further damage was done.

A party of young folks from this vicinity are camping at Wilhelm's prune orchard picking prunes.

Si Herron is taking care of the prune crop on Albert Zierolf's place, near Long Tom river.

The farmers are preparing for another year's farming.

## Night on Bald Mountain.

On a lonely night Alex. Benton, of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's wife of a severe lung trouble. Millions believe it's the greatest Throat and Lung cure on Earth. Coughs, Colds, Croup, Hemorrhages and Sore Lungs are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.
