A man of a right spirit is not a man of narrow and private views, but is greatly interested and concerned for the good of the community to which he belongs, and particularly of the

city or village in which he resides, and for the true welfare of the society of which he is a member.—Jonathan Edwards.

CURING COLD IN ADVANCE

We get sick because we are too lazy to keep well, according to Dr. Woods Hutchinson in WOMAN'S HOME COMPANION for October. We are always looking for short cuts to health. Of reputed cures for coughs and cold, he says:

"Their name is literally legion, for hardly a drug can be mentioned, hardly a substance discovered, which is capable of either being swallowed or inhaled, that has not been recommended as a cough remedy. Eight tenths of all colds are mild infections, which run their course until the body has time to produce an antitoxin or antibody

to stop their further progress. As this process in reasonably healthy individuals is usually carried out in from four to six days, anything which happens to be given in that time stands a fair chance of getting a reputation as a cure.

"The only sure cure for colds and coughs is to avoid the infections and the foul air of ill-ventilated rooms and buildings in which they breed; to keep the body toned up to fighting pitch, by cold baths and an abundance of fresh air, especially in the bedroom; and if the infection does get a foothold to assist Nature in her fight against it by rest in the open air, and promoting elimination through the skin, bowels and kidneys.

"In fine, don't tinker with symptoms; look for the cause, and remove it. Don't try to lock the stable door after the horse is

stolen, but train your horse to bite strangers. Attack is the best defense. Keep your body at good fighting weight, and you can defy disease. Sunlight, food, fresh air and exercise are the only cure-alls known. Don't worry about disease and what to take when you're sick, but work for health."

Servia.
Servia retains many memories of Turkish rule. The women are kept in the background. The men marry for the qualities of the housewife rather than for romantic love. It is often that young men marry women much older than themselves.

A Chinese Punishment.
In some parts of China the punishment for murder is sleeplessness. The culprit is kept awake until he dies. Under this treatment a person lives nine or ten days.

CLOTHES

EVERY man in this town ought to have for business wear at least two good suits of clothes; one a fancy weave of some sort, the other a blue serge, or a dark blue pattern weave of some kind, or a black suit. They should both be of

Hart Schaffner & Marx

make; all wool, finely tailored, perfect fitting.

The result would be that by having a chance to change often, say once a week or ten days, both suits would wear much longer, keep in better order, and you'd look better dressed all the time.

We'll help you take care of your clothes; keep them pressed for you at very small expense; provide at very trifling cost hangers for them; and generally save you money on them. Come in and see about it.
