BOOSTER GIRLS' CONTEST.

The Gazette-Time's contest is progressing nicely and those competing are working with a vim that is going to make things interesting. The candidates in District No. 1 are all bunched and a little effort on the part of any one of them will put her in the lead. In District No. 2, Miss Caldwell, of Philomath, and Miss Ingram, of Monroe, are neck and neck, their positions of last week being reversed. The other two candidates in this district are only a little way behind, however, and the next publication of the standings may bring forth some surprises. It behooves all of the candidates to work hard this week as any one of them can gain first place by a little work.

If you are a few thousand votes behind now, do not get discouraged. Work hard for the long time subscriptions; it will only take a few of these to put you in the lead. You will find that your friends will rally to your aid much easier now that the contest is in full swing. See them, if they haven't helped you already, and get them to subscribe now.

In the big ad. published elsewhere in this issue will be found the standing of the contestants up to last night. Many votes have been cast since then which would alter the standing of several of the contestants had they been included in this count.

MONROE MUSINGS

(Junction City Times)

Wellbery Wilson is sick with diphtheria.

Mrs. Peter Rickard, who has been in Portland for a short time, died last Monday night.

Wm. Huggins was called upon to do some more work on the telephone line. He brought home a milking machine which he ordered a few weeks ago.

John Crow has purchased another ranch. This one is called the Bartlett place on the Island.

Mr. Brimmer is doing some carpenter work for D. B. Farley. He has completed a new woodshed and is now putting up a tower for a pump.

Ed. Walden has been making some repairs on the Brown school house.

The Big Four have begun work a their saw mill again. They are sawing some lumber for Dexter Bailey who expects to build a new house on his property.

Harry St. Clair and Harry Bowers are sawing wood in this neighborhood.

Charlie Goodman had a public sale of everything Thursday of this week. They are going to a place called Divide in Douglas county.

Mr. Mael, who bought John Crow's place on the Island, is hauling gravel.

Ethel Harpole left for the vicinity of Philomath where she has been employed to teach a six months term of school.

Mr. Hill, who recently bought the Alfred Brabham farm, has been making quite an improvement on his place this fall in clearing brush, etc.

Dallas Harpole made another trip to the mountains and succeeded in killing a couple of deer.

Mrs. Geo. Schultz has been visiting relatives in Irish Bend for a couple of weeks.

Alfred Brabham is seriously ill with typhoid fever in Eugene. Grandma Brabham was pretty badly crippled up by falling off a porch while in that city.

The recently appointed minister, Mr. Hocking, arrived at Monroe last week. He is from California. REG. COR.

An effort will be made this year to secure some first-class songs and yells with much local color and the right swing. Little attention had been given this matter until last fall, and this phase of college "education" is to be developed as far as possible this year.

SIMPLE WASH CURES ECZEMA

Why Salves Fail While a Simple Liquid Has Accomplished Thousands of Cures.

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ, and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin disease and are perfectly healthy otherwise, and thereby prove they have no diseased blood.

Smeary salves cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid.

Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol, glycerine and other healing agents. This compound, known as D. D. D. Prescription, stops the itch instantly—and the cures all appear to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced of the absolute merit of this remedy. D. D. D. Prescription kills the germs in the itching skin. Its effect is seen within one minute after the first application. We especially recommend D. D. D. Soap in connection with the treatment. Money Comes In Bunches

To A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. The used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infallible for Stomach, Liver, Kidneys, Blood and Nerves. 50 cents at all druggists.

Feeding Farm Hands.

Every farmer's wife knows what tremendous appetites farm hands usually have; but while they eat well they work well, too.

Here's a good suggestion about feeding farm hands. Give them plenty of Quaker Oats. A big dish of Quaker Oats porridge with sugar and cream or milk is the greatest breakfast in the world for a man who needs vigor and strength for a long day's work. The man that eats Quaker Oats plentifully and often is the man who does good work without excessive fatigue. There is a sustaining quality in Quaker Oats not found in other foods, and for economy it is at the head of the list. Besides the regular size packages Quaker Oats is packed in large size family packages, with and without china.

TRESPASSERS.

As two of my registered sheep were shot and killed by hunters last year, and recently two of my best ewes were torn up by hunting dogs, I have therefore given strict orders to my men employed to gather evidence to prosecute all trespassers with gun or dog found on my premises, and particularly to shoot and kill all dogs found on the farms. So that no one may be taken by surprise, I publish this notice.

FIFTY DOLLARS REWARD is hereby offered for the arrest and conviction under section 36 on page 419 of the session laws of 1909, of any person found trespassing by hunting with gun or dogs on my farms.

TWENTY DOLLARS REWARD is also offered for the arrest and conviction of any person for tearing down, cutting, destroying or defacing this notice, posted on my farms Sept. 30, 1909. 9-30-D&W-tf M. S. WOODCOCK.

Our Confidence

in J. M. Nolan & Son

Of 40,000 merchants in the United States we deal with but 1,000.

Of countless opportunities to increase the sale of *Wooltex* Coats, Suits, Skirts and Dresses for well gowned women, we select but few.

For the merchant who represents *Wooltex* garments must offer his public a store service such as few merchants are prepared to offer.

He must have as high a standard in the conduct of his business as we have in the selection of styles and materials for *Wooltex* garments, and in the employing of workmen to make these garments.

So in Corvallis we have chosen J. M. Nolan & Son.

It is an affiliation between the best manufacturers in the line and the most progressive store in Corvallis, which profits not only J. M. Nolan & Son and us, but you.

So from now on you will find that J. M. Nolan & Son is the home of

Coats • Suits • Skirts • Dresses

For Well Dressed Women

We choose our representatives with as much care as many business men use in choosing their partners.

The reason is that we spend more to make *Wooltex* supreme in style, in workmanship, in material, in fit, than any other maker of women's clothes.

Where other makers copy fashion plates we spend \$50,000 simply for style. And from the design to the finished garment we offer extra value without extra price.

At J. M. Nolan & Son's you will now find a large selection of *Wooltex* styles. Please call and inspect these—the best styles of the season for American women of refinement and good taste.
