## The City and Vicinity

Prof. C. M. McKellips was at Sheridan over Sunday.

J. D. Irvine and family spent Sunday with Corvallis relatives.

Mrs. Lee Anderson left this morning on a brief visit to Portland.

Engineer Moore is building a home on 11th between A and B streets.

Mrs. H. S. Pernot and Mrs. C. M. McKellips give an "at home" next Thursday.

J. F. Henkle is preparing to build a six-room residence on 10th between A and B streets.

William Read and Clyde Milholland are preparing to erect residences on lots adjoining the Troxel property at 8th and Philomath road.

There will be a meeting of the Executive Committee of Nine (Boosters) at 4 p. m. Wednesday, tomorrow, at the Commercial Club rooms.

Mr. and Mrs. W. A. Jolly, of Philomath, passed through here today on their way to Portland, where Mrs. Jolly will undergo an operation in the near future.

Qui Vive Encampment No. 26, I. O. O. F. will hold a regular meeting Friday evening, Oct. 15, '09. Degree work and refreshments. All members and visiting Patriarchs are invited. W. K. Taylor, C. P.

One of the unique features of the Albany Apple Fair will be the serving of apple delicacies by the ladies of Albany. Apple dumplings, "like mother used to make," with real "dip" sauce; apple fritters; apple cake; apple pie; apple butter, etc., will be provided in abundance.

Twelve new members were received into the congregation of the Christain church Sunday. An active interest is being taken by all in the progress of the church and arrangements are now being made under the direction of Mesdames Copple and Raber to organize a large choir.

Mrs. Geo. Bemis visited at the home of Mrs. L. Locke, Fourth and Jackson, during the week. She has recently purchased a home in Lebanon and reports that the place is taking on wonderful business activity since it has been decided that the new railroad is to go through there.

C. T. Hurd addressed a large audience at the Evangelical church last night on the St. Paul convention, which he attended last July. His remarks were full of inspiration and were highly appreciated by an enthusiastic audience of loyal C. E. workers. The address was one of the most interesting ever delivered here by Mr. Hurd.

Announcements have reached friends in this city of the marriage of John Loomis, one of Newport's most enterprising merchants, to Miss Clara Leonard, Wednesday, October 6, at the bride's home at Oak Grove, Mo. They will be at home to their friends at Newport after Oct. 31. Why Mr. Loomis found it necessary to go to Missouri for his bride is a matter of conjecture among the fair sex who spend their vacations at Newport, and rumor has it they intend to "show her" a few things when she arrives with her husband at that popular resort.

Mr. and Mrs. James Whitehead, prosperous farmer people of Rush county, Kansas, have arrived in Corvallis and will spend the winter with Mr. and Mrs. A. R. Brenner, at 8th and Adams. The Whiteheads are in search of a location and if they find the climate of this section to their liking they will probably remain in Benton. The Brenners are old Kansas friends who came to Corvallis in the early spring and bought the Prof. Crawford place. They like the conditions here very well and are convinced that the Willamette Valley's climate has the Kansas winds "beaten to a frazzle."

It is of particular interest to note that a book in use at the court house the past forty years is to be replaced by a record worthy of the cause it represents. During all these years the index of the estates in Benton county has been kept in a small pocket day-book, and though that book has been used almost daily during that time no County Clerk or civilian has been aroused to the advisability of transferring such important matter to a genuine record book of sufficient size to insure its safety from loss or the annoyance of misplacement. Finally, Clerk Moses concluded that the little day book memorandum was scarcely up to business standard, and he asked the County Court for a special book. It took the Court some time to see the merit of the idea, but at last the desired record was forthcoming, and now Mr. Moses is busy copying from one book to the other. No business in this city or county is of so little significance to its owner as to make it good business for written records to be placed in a small note book, liable to be lost, carried away, or destroyed inadvertently when old papers are thrown into the waste basket.

## TWO FINED FOR KILLING BIRDS.

Two more careless or deliberate violators of the game laws have been hauled before the court and assessed heavily for their brief season of fun. Deputy Warden Brumfield took Arthur Lilly in tow for shooting pheasants and it cost the hunter \$26.50 yesterday. He pleaded guilty. Deputy C. C. Bryan landed Ralph Lewis on the same charge and on pleading guilty that hunter was assessed \$25 and costs. Inasmuch as it is but a few more days until it is lawful to kill pheasants, hunters can well afford to be patient.

### Money Comes in Bunches

To A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. The used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infalible for Stomach, Liver, Kidneys, Blood and Nerves. 50 cents at all druggists.

## TRESPASS NOTICE

## SIMPLE WASH CURES ECZEMA

Why Salves Fail While a Simple Liquid Has Accomplished Thousands of Cures.

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ, and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin disease and are perfectly healthy otherwise, and thereby prove they have no diseased blood.

Smeary salves cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid. Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol, glycerine and other healing agents. This compound, known as D. D. D. Prescription, stops the itch instantly—and the cures all appear

to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced of the absolute merit of this remedy. D. D. D. Prescription kills the germs in the itching skin. Its effect is seen within one minute after the first application. We especially recommend D. D. D. Soap in connection with the treatment. Allen & Woodward.
