

DONA MILLER NOW TAKING PRACTICAL NURSING TRAINING AT OTI

Hard at work on a practical nursing course (which she expects to complete next September) is Dona Miller, former Chiloquin resident and graduate of Chiloquin High School, vintage of 1945.

Dona enrolled under the Klamath Education Program to take the course at O.T.I. last September. She feels that it is a good course and one which keeps her plenty busy. She and the rest of the class spent their first two months in the classroom at O.T.I. and in the latter part of November began work in the hospital. Since then she has been working five days a week, three of which she receives classroom instruction at the rate of two hours per day. The rest of the time is spent working in the hospital learning various hospital jobs by doing them. No time out is taken for the customary Christmas and spring vacations,

Among the things Dona is learning in her hospital work are how to dress babies, operation of heat and infra-red lamps, charting, sitting with patients after they come out from under anesthesia, therapy, sitting with tonsil and adenoids patients, how to isolate patients, and sterilization of dressings. During the past two weeks Dona has been working nights 3:00 P. M. to 1:30 A. M. learning surgical preparation.

While all of this sounds like a lot of work, Dona points out that she is getting valuable training and is also paid for the work she does in the hospital at the rate of 77 cents per hour.

Dona has no definite plans beyond graduation other than working as a licensed practical nurse. She has hired a baby sitter to take care of her two children, Edward and Asa, when they are not going to school.

In regard to the election to be held for tribal members giving them an opportunity to decide whether to remain in the Tribe or withdraw from it, Dona states that she intends to withdraw.

CRUME, MILLER ON OTI HONOR ROLL

Irwin Crume and Dona Miller, both of whom are enrolled in the Klamath Education Program, were on the OTI honor roll for winter term.

Irwin, a second-year auto mechanics student, had a B-plus grade average and Dona, a practical nursing student, had a straight A average.

ALTON THOMPSON

(Continued from Page 1)

California and with S.O.C.E. in Ashland.

Asked to comment on termination of federal supervision over the Klamath Reservation, Alton says:

"That's a big subject. It's just about like talking about religion (Alton states that he got in on a lot of discussions about religion in the service). There's never an end to it. Everyone should be interested in it."

As for the election to remain in the Tribe or to withdraw from it as provided for in Sec. 5 (a) 2 of Public Law 587, Alton states that he plans to withdraw, adding that he hopes to have the knowledge so that he can get along after he does withdraw.
