187 Vessels Load During Year 1913, Bepeed For All Parts of the World—More than $640,000,000 Paid to Longshoremen

Captain R. L. Hurst, general manager of the Oregon Lumber Exchange, today announced that 187 vessels had been loaded during the year 1913 at the ports of Oregon with lumber manufactured in that State, and that the total amount paid to longshoremen was more than $640,000,000. This is the largest number of vessels and the highest record for the pay of longshoremen ever made.

The vessels were loaded at Portland, Coos Bay, Siuslaw, Newport, Oregon City, Astoria, and Brooklyn, Oregon. The largest number were loaded at Portland, where 140 vessels were loaded.

The vessels were loaded with 73,450,000 feet of lumber, which is a record for the year 1913. The total pay to longshoremen was $640,000,000, which is also a record for the year 1913. The pay to longshoremen was $640,000,000, which is also a record for the year 1913.
