### Sportsman to Organize

Special effort is being made by State Game Warden, William L. Finley, to organize the sportsmen in every community throughout the state. In many places organizations have been formed and good results have been secured.

"In order to carry out the work that has been outlined by the State Board of Fish and Game Commissioners, and to have our fields and forests abound in game and our streams stocked with fish, it is very necessary that we have the active assistance of sportsmen in different parts of the state," says Mr. Finley.

"The object of these sportsmen's clubs is to assist the commission in planting trout and other game fish in the various creeks and rivers, and to release different varieties of game birds which are now being raised at the State Game Farm in places where they will thrive and do well. We intend to do this distributing of fish game birds through the sportsmen's organizations."

The new fish-distributing car, "Rainbow" has been built at a cost of \$7000. This car is specially equipped with a large number of cans and an air pump and necessary apparatus so that trout fry can be taken from the hatcheries and delivered in any part of the state where the railroad runs. From these railroad points the sportsmen are to take the fish in wagons, automobiles or other conveyances to the streams to be stocked.

The various railroads in the state have offered free transportation for the fish-distributing car, which is a considerable saving to the game protection fund. Mr. T. J. Craig, who has fish distribution in charge, will begin taking out trout from Central Hatchery at Bonneville the latter part of next month. Applications for trout or game birds should be made immediately through the sportsmen's organization in each community.

Another object of having the sportsmen organized is to secure a better sentiment in certain localities in favor of game protection.

It is impossible to secure the enforcement of game laws unless the citizens of any locality are in favor of such enforcement.

It is planned to have at least one or several such organizations in every county in the state. An active campaign will be begun to make Oregon one of the greatest hunting and fishing grounds in the country. It is contended that this will be an attractive advertisement and a drawing card for a desirable class of tourists who have money to spend and money to invest. Game protection and game propagation is a business proposition, not only for the man who lives in the city, but for the farmer, the fruit grower and the timberman.

### Commonwealth Day

Eugene, Oregon, May 7.  
To take stock of the last year's progress of the state of Oregon, to point out where the state is

achieving success and where its efforts need strengthening are among the purposes of the annual "Commonwealth Day," which will be held at the University of Oregon, May 16 and 17.

"We don't know where we are going, but we're on the way" is the spirit which the "Commonwealth Conferences" were designed to change into a spirit of self-confident progress, sure of what it wants the state of Oregon to become, and sure of the means of working toward it.

On these days leaders in all lines of Oregon life will gather in Eugene. Questions of economic progress, co-operative production and distribution, and legislative, administrative and educational efficiency will be discussed by experts in the different subjects.

Office holders, labor leaders, social workers, Grange masters, scientists, students, editors and businessmen will each contribute

their quota to the study of the problem of making Oregon a richer and better state. The more strictly economic and sociological conferences will occupy all day Friday and Saturday morning. Saturday afternoon will see one of the most significant meetings of Oregon women ever held, addressed by leading women from all over the state. At the same time there will be a cheap rate excursion which is expected to bring 500 engineers from Portland, and a meeting of the editors of Oregon newspapers, who will discuss the plans of the press in the community. After this will be an out-of-doors presentation of scenes from Peter Gynt and Midsummer Night's Dream and folk dances by students and the Junior League of Portland.
