Successful Jelly Making.
 Use good fruit which is a little un-
 der ripe.
 Use the best granulated sugar.
 Do not make large quantities of jelly
 at one cooking.
 Heat the sugar in the oven before
 adding it to the fruit juice.
 The jelly will be clearer and finer if
 the fruit is simmered gently and not
 stirred during cooking.
 Set the jelly in a sunny window for
 twenty-four hours, then cover with
 melted paraffine and set in a dry, cool
 place.—Woman's World.

Worth Extra Time.
 "Prisoner at the bar," said the
 judge, "is there anything you wish to
 say before sentence is passed upon
 you?" "No, my lord, there is nothing
 I care to say, but if you'll clear away
 the tables and chairs for me to thrash
 my lawyer, you can give me a year or
 two extra."

Gift of Books.
 When I consider what some books
 have done for the world, and what
 they are doing, how they keep up our
 hope, awaken new courage and faith,
 soothe pain, give an ideal life to those
 whose hours are cold and hard, bind
 together distant ages and foreign
 lands, create new worlds of beauty,
 bring down truth from heaven; I give
 eternal blessings for this gift, and
 thank God for books.—James Freeman
 Clark.

Moral Indifference.
 If ignorance and passion are the
 foes of popular morality, it must be
 confessed that moral indifference is
 the malady of the cultivated classes.
 The modern separation of enlighten-
 ment and virtue, of thought and con-
 science, of the intellectual aristocracy
 from the honest and vulgar crowd, is
 the greatest danger that can threaten
 liberty.—Henri Frederic Amiel.

Shrinking Cotton.
 As cotton materials shrink they
 must either be shrunk in the piece or
 made a size larger and luck trusted
 that the garment may not shrink
 beyond all wearing. In shrinking any-
 thing, use boiling water until it is
 thoroughly saturated and then wring
 out and dry; sprinkle and iron on the
 wrong side with a hot iron until the
 fabric is perfectly dry.

Made His Speech Too Long.
 Little Herbert, aged five, was in-
 vited to a party, and before leaving
 home he was cautioned to be sure to
 say "Thank you" to the hostess and
 tell her he had a nice time. On leav-
 ing he said to the hostess: "Thank
 you very much. I had a nice time,
 and your supper was good enough."

Cleaning Velvet.
 Nothing cleans a velvet hat or gown
 like another piece of velvet. A small
 piece held firmly in the hand and used
 like a brush will produce excellent re-
 sults.

**ARMIES MEET
 AT GETTYSBURG**

**Civil War Veterans by Thou-
 sands Attend Reunion.**

**Hot Sun Causes Many to Fall—First
 Death on Field Due to Heat**
 —Arrangements Perfect.

Gettysburg, Pa. — Gettysburg stepped
 50 years backward Sunday into
 history and looked again on an army
 of Blue and an army of Gray, meeting
 at her doorstep. From early morning
 until long after sundown the veterans
 in blue and gray trooped into the little
 town which has slept peacefully among
 its hills since Lee and Meade turned
 their legions southward long ago.

More than 30 special trains came
 into the village during the day and
 thousands of veterans who tramped up
 from the Shenandoah on their former
 visit rode in comfort from Harrisburg,
 Baltimore and Washington. Instead
 of the roar of guns that greeted them
 in the other days they entered into the
 quiet Sunday calm of a country town.
 Only the flags flying from every win-
 dow, the city of tents in the distance,
 and the crowds told that Gettysburg
 had come out of the usual into the
 extraordinary once more.

From the station of the two railroads
 that enter the village is a long mile to
 the camp of 5000 tents where the vet-
 erans are housed. Thousands should-
 ered suitcases and walked under a
 scorching, cloudless sky. Several suc-
 cumbed before they found their tents.
 There was no complaining, however.

Every possible arrangement for the
 comfort of the united armies has been
 made. The camp of brown army tents
 is under the direction of officers of the
 regular army. The streets of Gettys-
 burg are under the scrutiny of the
 Pennsylvania constabulary, and for the
 care of the sick the Red Cross has
 made extensive preparations.

The camp itself lies on ground that
 has been baked as hard as a brick and
 dried into dust by winds that sweep
 the hills, but its sanitation, its water
 supply, and its plan for the feeding of
 thousands of men, have been made
 with the utmost care.

Augustus D. Brown of Livermore
 Falls, Maine, was the first veteran to
 die on the field. He was taken sud-
 denly ill and died just as the army
 surgeon reached him. The heat prob-
 ably caused his death.

CUPID MAY YET BE DRIVEN
**Compulsory Marriage, Drawing by
 Lot, Proposed in Trieste.**

Trieste, Austria-Hungary. — There
 has been such a decline of recent years
 in the marriage rate of Trieste that
 one of the civic dignitaries suggests
 the institution of a system of compul-
 sory matrimony. It is proposed that
 on a given date in each year all spin-
 sters who have attained their 25th
 year and bachelors who have attained
 their 30th year should be required to
 present themselves before the syndic
 in whose jurisdiction they reside.

The names of those who on medical
 examination prove to be thoroughly
 sound would be sorted according to
 sex, placed in separate urns, and then
 drawn two at a time.
 The couples whose names are drawn
 together would, at the conclusion of
 the draw, be united in marriage forth-
 with by the syndic.

Launch Goes to Rescue.

San Diego, Cal.—Colonel C. R. Ra-
 der's crack ocean-going launch Paxino-
 sa sailed from here Tuesday for Esper-
 anza, 40 miles south of Guaymas,
 Mexico, where 200 women and chil-
 dren are waiting transportation from
 the revolution-swept district. The
 Paxinosa will carry refugees from
 Esperanza to the mouth of the Colorado
 river, where they will take auto-
 mobiles for Yuma. Captain J. N.
 Ross will be in command. The Paxino-
 sa is one of the most famous ocean-
 going launches on the Coast.

Convicts Leave No Trace.

Leavenworth, Kan. — An all-day
 search for Richard Osborne and Walter
 Layman, convicts, who made a daring
 escape from the Federal prison early
 Monday developed no trace of the men.
 Both men have escaped from McNeil's
 Island, the government prison on the
 Pacific Coast. The two men were cell-
 mates. They sawed the bars off
 their cell and off a door 10 feet
 away, leaving dummies reposing in
 their cots.

Oregon Pine Rounds Horn.

New York — The American steam-
 ship Santa Cruz, in from Seattle and
 Pacific and Atlantic ports on route,
 docked here Sunday, creating the im-
 pression that the Yankee merchant
 marine might be coming back on the
 installment plan. Captain Crosely
 said he had had a fine voyage and that
 finally he hoped to take his ship
 through the Panama canal pretty regu-
 larly to and from the Pacific Coast.

Jordan Begins Peace Tour.

New York — David Starr Jordan,
 accompanied by Mrs. Jordan and their
 son, Eric, left Monday afternoon on
 the Atlantic transport liner Minne-
 waska on his world tour in the interest
 of universal peace. Dr. Jordan, who
 is chancellor of Leland Stanford Uni-
 versity, expects to be gone a year or
 more and will lecture in Europe, Asia
 and Australia.

WOULD IMPRISON MINISTERS

**Suffragists Make Savage Attack on
 British Cabinet.**

London — Miss Sylvia Pankhurst,
 daughter of Mrs. Emmaline Pankhurst,
 the suffragette leader, led an
 attacking party to Downing street
 Saturday afternoon for the purpose of
 imprisoning the cabinet ministers.
 The expedition was unsuccessful, but
 the victory of the police was not won
 without a series of fierce scrimmages,
 in which both policemen and women
 were injured.

Miss Pankhurst appeared at a demon-
 stration in Trafalgar Square in favor
 of free speech. She denounced the
 Right Honorable Reginald McKenna,
 the home secretary "for killing my
 mother." Then she invited the crowd
 to go to Downing street and "imprison
 the ministers in their own houses."

The police, however, had been ap-
 prised of the intentions of the demon-
 strators and had thrown a strong cor-
 don around Downing street. Dock
 workers in the attacking party tried
 to break through and some of the wo-
 men went to their aid, but were se-
 verely handled.

In the fighting the women were
 thrown to the ground and the dockers
 clubbed. Many were arrested. Final-
 ly mounted police dispersed the crowd.

OJEDA'S SLOWNESS IS OFFSET
**Federals Make Up for General's
 Failure to Advance.**

Mexico City—The failure of General
 Ojeda to advance against the rebels in
 Sonora, and the acquisition of various
 towns, including Durango, capital of
 the state of Durango, during the past
 week, has been offset, according to the
 government, by the recovery of a few
 places by the Federals and by the
 work done towards re-opening the
 railroads in the North.

Troops are supporting the workmen
 and the National railway has been re-
 paired within 70 miles of Saltillo and
 north of Monterey to Villadama, but
 the activity of the rebels a short dis-
 tance on either side indicates that the
 road will be cut behind the troops be-
 fore trains are operated.

The line from San Luis Potosi to
 Tampico was cut in four places Mon-
 day. Rails were loosened at other
 points and several trains were wreck-
 ed, one a military train. Half the
 railroads in the republic were out of
 commission. Torreon especially is
 suffering from a scarcity of provisions.

THREE ARE GUILTY OF ARSON
**Members of Chicago "Arson Trust"
 Promptly Convicted.**

Chicago—Edward and Paul Covitz,
 former woolen merchants, and Joseph
 Clarke, a public fire insurance adjust-
 er, were found guilty of arson by a
 jury which returned a verdict in the
 Criminal court Monday.

A motion for a new trial will be
 made by attorneys for the defense and
 a date for arguments will be set.
 The agreement of the jury came as
 a surprise. Both counsel for the state
 and defense had expected a disagree-
 ment because the jurors had deliberated
 20 hours and 25 minutes when the
 verdict was reached. Two jurors, it
 was said, held out from the beginning
 to acquit Clarke.

The defendants were in court when
 the verdict was read. The Covitz
 brothers almost collapsed, but Clarke
 appeared unconcerned. The former
 said their nationality was the cause
 of the conviction. The convicted men
 were not taken into custody. The
 brothers are under \$40,000 bonds and
 their co-defendant on \$75,000 bonds,
 and the surety probably will be allowed
 to stand until the motion for a new
 trial is disposed of.

The convicted men were the first of
 46 alleged members of the "arson
 trust," recently indicted, to be tried.

Chicago Women Are "Citizens."

Chicago — Chicago women were
 shown Sunday that hereafter they are
 to be "citizens," and treated as such.
 The proof came when Superintendent
 Foster refused them the right to hold
 a mass meeting Tuesday afternoon in
 Grant Park, following the suffrage
 automobile parade.

The park commissioners declared that,
 since the mass meeting would be a
 "political" undertaking, and men
 were not allowed to make speeches in
 public parks, the women ought not to
 expect it. Many of the suffragists ex-
 pressed their satisfaction at being
 treated like any other voters.

Three Generations Killed.

San Jose, Cal.—Three generations
 in Colonel Robert Powell's family
 were wiped out of existence in a col-
 lision between an electric car and an
 automobile on the Stevens Creek road,
 near Cupertino. The dead are: Col-
 onel Robert Powell, aged 85; his wife,
 Mrs. Elizabeth Powell, aged 73; an
 adopted son, John Powell, aged 36; his
 wife, Mrs. Sally Powell, aged 32;
 Esther Powell, daughter of Mr. and
 Mrs. John Powell, aged 13; John Robert
 Powell, the infant son of the last
 named couple, aged 10 months.

Battery Gets Biplane.

Stockton, Cal.—Battery C, Califor-
 nia Field Artillery, has received an
 army scout biplane, which has been
 turned over to the signal corps of the
 battery. George I. Moran has been
 ordered to instruct the artillerymen in
 flying. The biplane will be equipped
 with a wireless telephone and a tor-
 pedo tube and the troops will be taught
 to mount and arrange the apparatus
 for actual warfare purposes. The ma-
 chine can be used as a hydroplane.

Does Memory Go on Strike.

Can the human memory go on strike,
 leaving the other tangible and intangi-
 ble parts of the mental and physical
 make-up to continue their ordinary
 work-a-day routine? Will this ex-
 plain the strange disappearances and
 wanderings about of men and women
 which occur so frequently?

Violin Notes Attract Mosquitoes.

In some parts of India, where mos-
 quitoes abound, it is impossible to
 play the violin because the music at-
 tracts the insects in great numbers.
 When the first notes are heard the
 mosquitoes swarm in clouds around
 the player and make the movements of
 the hand impossible.

**For a Red
 Blotchy Skin**

**The Remarkable Action of
 a Famous Remedy and
 Some Facts About It.**

The skin is but a net work of fine blood
 vessels. And it is a perfectly natural
 consequence that any influence in the
 blood that is a condition of ill health
 makes its first appearance in the skin.
 There are certain medicinal properties
 that follow the course of the blood stream
 and the influence of these properties is
 that of an antidote. This is why S. S. S.,
 the best known blood purifier, has such
 a positive action in the skin. There is
 one ingredient in S. S. S. which peculiarly
 stimulates cellular or glandular activity
 to select from the blood or from this
 fine net work of blood vessels in the skin,
 those elements which it requires for re-
 generation.

Thus pimples, acne, eczema, lupus, or
 any other blood condition that attacks
 the skin or seeks an outlet through the skin
 is met with the antidotal effect of S. S. S.
 The action of S. S. S. in the cellular
 tissues of the body serves the active pur-
 pose of stimulating each cellular part to
 the healthy and judicious selection of its
 own essential nutriment. Not only this,
 but it from the presence of some distur-
 bing poison a condition of disease arises,
 S. S. S. so directs the local cells that this
 poison is rejected and eliminated from
 their presence.

This is why skin troubles vanish so
 readily and why they do not return.
 Under the influence of S. S. S. this fine
 net work of blood vessels in the skin is
 constantly taking from the blood the nu-
 trition required for healthy tissue and the
 cause of disease is just as constantly be-
 ing removed, scattered and rendered
 harmless. These facts are more fully
 explained in a book on skin troubles sent
 by The Swift Specific Co., 169 Swift
 Bldg., Atlanta, Ga. You will find S. S. S.
 on sale at all drug stores. Get a bottle
 to-day and banish all skin afflictions.

"BLOOD IS THICKER THAN WATER"

Without good red blood a man has a weak heart and poor nerves. Thinness of
 the blood, or anemia, is common in young folks as well as old. Especially is it
 the case with those who work in ill ventilated factories—or those who are shut
 up indoors in winter time with a coal stove burning up the oxygen or emitting
 carbonic (oxide) gas. This blood, or blood which lacks the red blood corpuscles,
 in anemic people may have been caused by lack of good fresh air breathed into
 lungs, or by poor digestion or dyspepsia. Sometimes people suffer intense
 pain over the heart which is not heart disease at all, but caused by indigestion.
 Whatever the cause, there's just one remedy that you can turn to—knowing
 that it has given satisfaction for over 40 years.
