

St. Helens Mist

THE PRIZE WINNERS AT THE COUNTY FAIR

The following is a list of all the prize winners at the Fair that we are able to obtain at this time. It includes nearly all of the awards except the school exhibits and a few from one or two of the departments which we are unable to get at this time.

Features of the Fair so far have been the excellent music furnished by the St. Helens band and the exhibition given by the St. Helens Firemen. The fast time of 35 seconds was made by the fire boys in running 100 yards, connecting with a hydrant, stringing 500 feet of hose and getting water.

Good roads day Friday was the occasion of a big delegation of Portland people, among them being Samuel Hill, who spoke interestingly of the road question. Other speakers from Portland and Seattle also urged the citizens of this county to get busy with the making of roads, which advice will very probably be heeded.

Out of 14 exhibits 11 prizes were awarded to George Lemont of Rose Hill Farm, St. Helens. His collection won first prize for the best individual exhibit.

The three Guernsey cows from the Clover Hill Farm of E. L. Thompson at Deer Island, were the finest specimens of cows ever shown at any fair in the county. The cows are all imported and were beautiful to look at.

Other fair news and special mentions will be made in our issue next week.
