double records at 75c

The firm of Oliver & Oliver have taken into partnership B. I. Plummer, of St. Helens. Mr. Plummer is a Maine man, who has been in Oregon so long he feels almost a native Oregonian. He has had a wide experience as a business man, is well known in this section and the addition of his personality to this already popular firm will surely be a benefit to its patrons, which means everybody. The new firm has nicknamed itself "O. O. & P." and each and every member of it will be at your service to the best of his or her ability whenever you call. Goods delivered to all points, and whenever you wish.

The Store is Open Evenings.

MODEL DAIRY FARM

two dairies supplying milk in Portland which are what is termed as certified dairies, one of them the Clover Hill Farms of Mr. Thompson and the other being the Red Cross dairy of Gresham. In the report of the city health officer of Portland the Clover Hill dairy is rated as excellent and nearly 1 per cent higher than its nearest com-

TWO OF THE IMPORTED GUERNSEYS, Prize Winners Columbia Co. Fair

petitor, thus saying to the people of Portland that the purest milk to be obtained in that large city comes from the Clover Hill farms of E. L. Thompson of Deser Island, Columbia county.

Mr. W. M. Relton, an experienced dairy and stock man, is in charge of the Clover Hill Farms, and is ever busy superintending the work in such a manner as to make this the great dairy that it is. He is a very pleasant gentleman and has asked us to say that visitors are always welcome to the farm and will be shown every courtesy while there.

There is another feature of the Clover Hill Farms that is no small

affair either, the poultry farm. In this department of this great department farm Mr. Steiger is in charge of about 1000 thoroughbred White Rock, White Leghorn and Buff Orpington chickens, and a variety of ducks which are being run on a scientific plan. The houses are all modern and thoroughly sanitary. The birds are healthy and fine. The product of this department is all shipped to Portland

and always finds ready market with the very highest prices paid for such products.

To people who enjoy looking at a real model dairy and poultry farm no better trip could be made than a visit to these farms. What Mr. Thompson has done and is doing can be done by others, and it is quite probable that before long several other places in Columbia county will become noted for the quality and purity of its products. Such a place is a great advertisement for the community in which it is located and a boost for a greater Columbia County.

WARREN

Our school is closed this week on account of the water supply being shut off. A well is being dug and an engine installed on the school grounds.

A 9 1/2 pound boy was born to Mr. and Mrs. John Josephson recently.

L. A. Puszy and Alfred Gabrielson returned Monday from the hop fields, where they have been for the past three weeks.

Mrs. Grace Quick who has been visiting her sister, Mrs. O. A. Erickson the past week, returned to Portland Monday.

Mr. Quick was a Warren visitor Sunday.

Warren is justly proud of its school having taken a silver cup at the County Fair, for having the best exhibit of vegetables.

YANKTON NEWS

Fire broke out in the handsome new barn of Mr. Rock, last Thursday night, burning it to the ground. The barn was insured for about half its value. Mr. Walker, who rents the place, lost his hay, one horse and most of his milk cows. As he rented the place he has no insurance.

The Yankton school was visited one day this week by the school superintendent.

The Fair was a success and means a great deal to the farmers of this county. It will be the means of bringing better markets and helpful ideas to all.

The Redmen have started building their hall. Mr. Clark of Houlton is the contractor.

Mr. and Mrs. H. Liferman were in Portland this week.
