No better peaches are grown anywhere than were these. Mr. Kiser was much worried over the strange absence of his son, Fred H. ## MIST GALLERY—ST. HELENS RESIDENCES

There are some fine residences in St. Helens and quite a large number of them too. The Mist will make a special feature each week with a picture of a St. Helens residence for some time. The first picture in this Mist Gallery of St. Helens residences is the one owned and occupied by Dr. Edwin Ross. Situated on the top of the bluff, on a level with the business streets and overlooking the Columbia river, sur-

rounded by a well kept and spacious lawn with fruit and shade trees in attractive places, this residence is one of the most beautiful on the Columbia river. It is a large building with every modern convenience; an ideal home. Dr. and Mrs. Ross, with their two children have occupied this residence for a number of years and the home has been the scene of many pleasant gatherings by St. Helens people.

Some of those Portland policemen are getting quite bold when they arrest our own fearless constable for running an automobile without a tail light, but this they did last Sunday night when Fred Watkins subbed for Captain Abel as Conductor on the big bus from St. Helens to Portland. The tail light went out some place between Linnton and Portland and when the car was going down one the streets of the city it was halted and both Conductor Fred and Engineer Sheppard were ordered to report to Judge Stevenson the next morning. When the story was told of the in-delicacy of the lamp the heart of the jurist was touched and our brave constable with his engineer were told to go but to keep close watch on the tail light hereafter.

## AN ENJOYABLE DAY

### SURPRISE PARTY AT ANDERSON HOME BY WOODMAN LADIES

Last Wednesday morning the ladies of the Women of Woodcraft boarded the early bus for the home of Mrs. H. J. Anderson at the Muckle farm near Warren, the occasion being a surprise on Mrs. Anderson, which was certainly accomplished beyond a doubt. The visitors soon took charge of the place and in a short time had a couple of gallons of sweet cider made which was enjoyed by all. At noon a bounteous dinner was served by the hostess, assisted by the guests, to which all did justice. The afternoon was spent visiting and having a good time, and through the kindness of Mrs. E. Mills and Mrs. Brady of the Cresote plant the crowd had their pictures taken. At 5 o'clock the return trip was made, all declaring it one of the days of their lives. Those in the party were: Mrs. Cole, Mrs. Brouse, Mrs. Williams and Mrs. Davis of Houlton; Mrs. Morley, Mrs. Hazen, Mrs. E. Felton, Mrs. Dixon, Mrs. Chittim, Mrs. Gage and Mrs. Richardson of St. Helens.

The is a notice posted on the wall of the postoffice from the postoffice department calling for bids for new quarters for the St. Helens office. Bids will be received until October 15th for suitable quarters for a term of five or ten years. About 1000 square feet of space will be required, also good daylight, rear or side entrance and a location not too far from the business section. Bids must be sealed and handed into the postmaster at St. Helens on or before the 15th of October. The present quarters are too small for the office as it has grown during the past few years and a building which will give more room and be more nearly fire proof is desired. There are several such buildings in the city and if they can be had for reasonable rental the office will be moved.

Announcement in this issue tells of the new ownership of the grocery store formerly conducted by the Muckle Grocery Co. of this city. Mr. D. W. Williams of Ilwaco, Wash., has purchased this store and will conduct the business in the future. The St. Helens Band is now discouraging first class music under the able leadership of Vin Grewell. The boys are practicing regularly and faithfully and once each week, weather permitting, an open air concert will be given in front of Fred Watkins' store and tomorrow, Saturday night, another will be given. The lights on that corner are not very good for the boys and we would suggest that the city or some of the business men of that locality put in a good light so that on trouble will be had in playing.

## Negro Stabs Greek

### CUTTING AFFRAY AT RAINIER MAY PROVE SERIOUS

Deputy Sheriff Lake returned from Rainier Wednesday evening having in charge one Sam T. Shelby, negro, who had been in a fight with a greek named Jenes. The Greek was proprietor of a restaurant in Rainier and while the negro was eating, some sort of an argument was started which resulted in an agreement by the negro and the greek to go out on the dock and settle it. Arriving at the dock the fight was started but only lasted a few minutes. It seems the negro was armed with a long knife and a bottle of gin, while the greek was backed up by friends armed with scantlings.

However the negro got to work first with the result that the greek received two very bad wounds, one in the abdomen and one in the back which reached to his liver. The condition of the greek is considered serious from last reports and the negro is being held awaiting the outcome of the wounds.
