Ladies you can get just as stylish millinery in St. Helens as you can get in Portland. Everything first class at Hanson's millinery.

Every desirable feature demanded in scientific eyesight testing and intraocular examinations, modern eye glasses and spectacles of today is generously taken care of by Drs. Lowe & Turner. When you patronize them you receive the combined skill of the trained eye specialist and optician. The combined years of experience of these two specialists is an even 40 years. Do you not think their opinion in regard to your eyes is valuable? It is yours for the asking.

Kinsey & Kinsey, photographers of Seattle, Wash., are located in the Holcomb building at Willamette and Winter streets and will remain for 10 days.

The work exhibited by them is of a high order and they should receive a liberal patronage.

Roy and Ed Laws sailed last Wednesday evening on the Yosemite for Redlands, Cal., where they will spend the winter. Both the boys have almost recovered from their recent illness, but in order to effect a complete cure without taking further chances, they decided to spend another winter in Southern California.

Dave Davis, a former resident of St. Helens and of late years connected with the Timberman of Portland, has resigned his position with that publication and has hied himself back to the farm.

A Snap

During the present week the St. Helens Improvement Co. has secured an option on the 72 acre farm known as the old Downing place near Warren. This place has 40 acres in cultivation and the balance in pasture, easily cleared. It is on the main Portland road, on a milk route, rural delivery, and telephone. Less than one mile from a depot and about a half mile from a first class high school. An excellent opportunity for a dairy farm, there being sufficient pasture and farm lands to handle 30 cows. This place can be bought for \$125 per acre on easy terms, and 7 per cent interest on deferred payments. We have also several other good farm propositions and a number of houses and lots in St. Helens which can be had on the easy payment plan.

MIST GALLERY—ST. HELENS RESIDENCES

One of the newest and coziest residences in this city is shown this week, the home of Mr. and Mrs. A. L. Stone. Only a few short years ago, not more than two, the property on the north side of Nigger Creek was looked upon as being too far out in the country to make a desirable location for a home. But Mr. and Mrs. Stone decided that there was no more desirable location in the city for a home, so they secured a couple of lots and erected

thereon the beautiful bungalow shown in this picture. It is situated on a bluff overlooking the Columbia River, furnishing a view for about 10 miles up and down the river. During the summer months the gentle breeze from the Columbia is wafted through the house of the Stones, making it an ideal place for a home. Since the Stone house was built other beautiful homes have been erected there until it has become one of the choice portions of the city.

Mrs. A. J. Deming entertained informally on Thursday afternoon with a card party in honor of Miss Adeline Allen of Spokane. Two tables of five hundred were played, with Miss Ada George holding the high score. Dainty refreshments were served. Those present were: Misses Allen, Harris, George, Perry, Muckle, Ketel, Mrs. Eugene Blakesley and Mrs. Deming.

You and your children are safe if you wear Drs. Lowe & Turner's superior glasses—eye safe and price safe. They cost you no more than the inferior kinds usually sold and you have the benefit of their skill and many years' experience as exclusive eye specialists. They do not go from house to house. Consult them for 1 day only, Monday, Oct. 27, in parlor, St. Helens Hotel. Dozens of references. Remember the day and date. Monday, Oct. 27.

When workmen demolished the steeple of the Methodist church here this week, the old corner stone was removed and several old articles taken out, among them being an issue of the Oregon Mist of March 23rd, 1900. The Mist was then edited by David Davis and there are several interesting articles contained. An item of particular interest reads: "Work was begun on Tuesday by the Multnomah county commissioners on the building of a bicycle path from Portland toward the Columbia county line. The path will be improved for a distance of seventeen miles. If a path from St. Helens to the county line could be made, wheeling from here to Portland would be pleasant instead of irksome."

The home of J. W. VanNatta and family was the scene of a pleasant gathering last Sunday. Eighteen in all

were present for dinner. The gathering was in honor of Mr. and Mrs. H. A. Hugill of Kalama, Wash., who are visiting at the VanNatta home. Those present were Mr. and Mrs. H. A. Hugill of Kalama, Wash., Mr. and Mrs. I. G. Wickstrom and daughters, C. E. Wikstrom, Mrs. Dupes and Miss Lottie Morse of Scappoose, Mr. and Mrs. Frank Berdahl of Bachelor Flat, Mr. and Mrs. J. W. VanNatta and children.
