SOME GOOD BUYS OFFERED BY ST. HELENS IMPROVEMENT CO

Logged-off Lands

1000 acres of logged off land at \$18 an acre if you take it all or only a little more if you want any portion of it. County road runs through the tract and it is only one mile from the railroad and Columbia river. This tract is near Goble in Columbia county, and nearly all of it will make first class farm and orchard land. Easily cleared and well watered.

St. Helens Improvement Co.

An Opportunity

The greatest opportunity ever offered in Columbia County is the way of a dairy farm—897 acres of the famous Sauvie's Island, the well known Abrams & Knox place, on the Willamette Slough between St. Helens and Portland, where the Steamer America goes every day in the week laden with cream and milk to the Portland markets. With the place goes 40 head of fine dairy cows, 2 horses, all farm implements, in fact, everything to enter right into the business. House, barns and outbuildings, all complete for \$40,000, with one-third cash and the balance at 7 per cent on long time terms. This is positively one of the best dairy farms in the State of Oregon and at a price that can not be duplicated.

Something Good

200 acres of the best meadow land in the world and more than 80 acres of fine plow land, altogether 283 acres, on Sauvie's Island between St. Helens and Portland, can be bought for \$75 an acre, with only \$7000 down and the balance at 6 per cent on long time payments. A place where the boat passes every day in the week taking the milk, cream and other products to the Portland markets. More than 80 tons of hay put up this year, with the highest water known for several years. All improved with houses, barns, outbuildings and everything complete. Also some horses go with the place. A hunting lease that runs for five years, bringing in an average of \$400 per year for the lease. The B. B. Whitten farm. A very fine dairy and stock farm within easy access of the best markets on the coast.

A Snap

The St. Helens improvement Co. has secured an option on the 72-acre farm known as the old Downing place near Warren. This place has 40 acres in cultivation and the balance in pasture, easily cleared. It is on the main Portland road, on a milk route, rural delivery, and telephone. Less than one mile from a depot and about a half mile from a first class high school. An excellent opportunity for a dairy farm, there being sufficient pasture and farm lands to handle 30 cows. This place can be bought for \$125 per acre on easy terms, and 7 per cent interest on deferred payments. We have also several other good farm propositions and a number of houses and lots in St. Helens which can be had on the easy payment plan.
