County Official Paper

With all the cries of graft, mismanagement and incapability of the County Court, the road supervisor and road foreman, that have been made during the past, it is at least refreshing to read the letter from the taxpayer of South Scappoose Creek Road district in this issue of the Mist. The work of the Court, Jack DSpain, George Ramsey and Engineer Titus are commended very highly and all by a man who is not especially friendly but who is just one of a great many who have expressed themselves in similar veins on the same subject. All this goes to show that when the proper methods for ascertaining the truth of the county affairs are used instead of cries of graft and mismanagement without going to the trouble to investigate, that things are in much better shape than a person would be led to believe from the howls of the uninformed and disgruntled.

Every man and woman should devote at least one hour in the week to attending church services of some kind. No matter what business, profession or kind of work people are engaged in, an hour listening to a good sermon, taking part in gospel songs and intermingling with other people in a house of worship will do you good.

This is a Christian community, a free country and people are not compelled to go to church or to take part in any religious proceedings of any kind, but it will do no one harm and will make you feel better. Whether you are a lawyer, doctor, merchant, saloon man, laborer or mechanic, it won't hurt you and your presence at Church meetings will make you look at life from a different angle and give you a broader and wider view of life. Try it once you fellows who have not seen the inside of a church building for so many years.

BRIEF NEWS OF OREGON

Nearly three miles of municipal railroad is in operation at Granta Pass, the first road of its kind to be started in Oregon.

The McKenzie River highway, the only motor car outlet from the Willamette Valley into Central Oregon, has been formally declared open and safe for motor traffic. The announcement is made through the United States Forestry officials, who have been instrumental in building what is now practically a macadamized highway, open to all classes of motor traffic across the Cascade mountains. They also have been instrumental in obtaining nearly \$20,000, including road district money, which will be spent to complete the highway this summer.

The biggest military encampment ever held in Oregon will begin at Gearhart July 13 and continue ten days. There will be about 2000 National Guardsmen from Oregon and Idaho and 50 regulars from the Twenty-first infantry in the camp on the plain north of Gearhart. Every preparation has been made for the mobilizing of the troops and the establishment of a good camp with all possible comforts and conveniences. The program provides interesting events for each day, the principal features to be maneuvers, drills and military performances of all kinds. The Guardsmen will be furnished with clothing, transportation, blankets, meals and all other necessities free of charge and will be paid for their services. The guard officers will receive the same pay as officers of similar rank in the regular army and privates will be paid from \$1.25 to \$2.50 a day. The Twenty-first infantry from Vancouver will march to the camp, leaving the barracks July 2 and arriving at Gearhart several days ahead of the Guardsmen.
