**BRIEF NEWS OF OREGON**

Josephine, Douglas, Klamath and Jackson counties will cooperate in installing a display at the Panama-Pacific exposition at San Francisco.

Outlook for the walnut crop in the McMinnville district is exceptionally good this year, one tree which is 14 years old having a crop which will produce \$40.

Attorney General Crawford, in an opinion, holds that delinquency certificates could not be issued by county tax collectors until the expiration of six months after taxes became delinquent.

Manacled and chained, H. A. Miller, mayor of Bend, was marched through the streets and later escorted to the stage of a moving picture theater and there exhibited to a crowded house as a prospective bridegroom.

State Forester Elliott announces the privately-owned stumpage of the state is 9,543,645 acres and that 4,300,130 acres are owned by non-residents. He said that 94 per cent of the timber owners have holding of about 640 acres each and that they amount to 29 per cent of the total privately-owned forest acreage of the state.

The poultry department of the Oregon Agricultural College shipped to the poultry department of the State Insane asylum 100 pullets of the famous egg strain to be used partly for demonstration work in poultry breeding. These pullets have a pedigree declared to be better than that of any other flock of pullets in the world.

A. M. Gooch, a Hood River orchardist, has obtained record returns from his strawberry crop this year and heads the list for production among those shipping through the Apple Growers' association. From a five-acre tract, with berries planted between apple rows, Mr. Gooch shipped 1117 crates, receiving \$1500.

State Forester Elliott has announced that the federal government would cooperate this year with his department by appropriating \$10,000 for use in patrolling timber lands at the headwaters of navigable streams. The forester said that the money would be used when the danger from fire appeared to be greatest. It will provide about 69 fire-fighters.

Frank Meredith, secretary of the Oregon State Fair, announces that the special prizes for the dairy exhibits this year would be much more costly and numerous than ever before in the history of the association. The prizes were obtained by A. H. Lea, superintendent of the department, who has written to Mr. Meredith that he expects to add more prizes to the list which already has been forwarded to him.

The postoffice department has accepted the proposal of the Southern Pacific company to carry parcel post by boat between Portland by North Bond to Marshfield and back as often as the contractor may operate the boats at the rate of 2 cents per pound. The proposal of Oscar F. Jacobsen to transport mail by boat between Newport and Yaquina station has been accepted.

The Benton county court has authorized Sam H. Moore, of Corvallis, to represent the county at the Good Roads convention at Medford the last of this month. Mr. Moore is the originator of a plan to use convict labor in the manufacture of road materials, state roads also to receive state aid in materials and convict labor, so far as available. He advocates the purchase by the state of a shale and rock or cement deposit, the building of a cement plant and the operation of the plant with convict labor. He believes that the convicts will be doing labor not likely to be done by paid labor.

In addition to increasing by \$60,000 the cost limit of the Pendleton post-office building, the senate has passed the bill appropriating \$100,000 for two fish culture stations on the Columbia river in Oregon. The senate also passed the bill appropriating \$50,000 to establish a fishery experiment station at some point on the Pacific coast to be designated by the secretary of commerce, and the bill appropriating \$1200 for Thomas Coyle on account of the death of his child Mar. 10, 1887, caused by a blast of powder at the Cascade Locks, incident to the construction of the canal. A bill was passed authorizing officials of the Olalla diking district in Olalla Slough, Lincoln county, Oregon.

All efforts of the general assembly of the Presbyterian church to wage a fight for prohibition in the northwest will be centered in Oregon next fall. If plans embodied in two sets of resolutions adopted by the synod of the Presbyterian church of Oregon at Eugene are carried out. That body endorsed the Anti-Saloon League, the Woman's Christian Temperance Union and the Presbyterian prohibition organization, but refused its support to the prohibition party and instead requested that the National temperance committee of the general assembly place in the hands of a local committee the greater part of \$50,000 at the disposal of that assembly committee for the fight on the coast, for use in this state alone.

**COLLIER CAUSE OF WRECK**

Change in Storstad's Course Blamed For Collision With Liner.

Quebec.—Alfred Tuftenes, third officer of the Danish collier Storstad, was held by the wreck commission to be directly to blame for the collision with the Empress of Ireland in the St. Lawrence river that caused the loss of more than 1,000 lives.

The commission finds the young mate was "wrong and negligent in keeping the navigation of the vessel in his own hands and failing to call the captain when he saw the fog coming on."

The report says the disaster was not due to any special characteristics of the St. Lawrence. It was a disaster which might have occurred in any river in similar circumstances. It is held that the dominant cause of the collision was the Storstad's change of course, which the third officer ordered without consulting his superior, the first officer, who was in charge of the ship at the time.

**New Plague Case Found.**

New Orleans.—Another case of bubonic plague, the fifth since the disease appeared two weeks ago, was found here by Dr. W. C. Rucker, assistant surgeon-general of the United States health service.

The victim, the first woman to be stricken, is a negress who was employed in a restaurant within two blocks of where the first case was found.

**Real Estate Men Pick Los Angeles.**

Pittsburg.—Los Angeles defeated Seattle for the honor of entertaining next year's convention of the National Association of Real Estate Exchanges. The association elected Thomas Shallcross, Philadelphia, president.

**BUSINESS MEN VOTE ON ANTI-TRUST BILLS**

Washington.—Non-interference with business in its general details was favored by the business men of the United States, who voted in 36 states, under the referendum called for by the Chamber of Commerce of the United States, on the pending trust bills.

The vote against attempt by statute to forbid discriminations in prices of commodities was 531 to 22.

That a proposal to compel persons controlling the product of mines to sell to all applicants who may be responsible, is wrong in principle and unworkable in practice, was voted 527 to 32.

That there should be no statutory prohibition of conditions accompanying sales and leases to the effect that buyers or lessees cannot handle or use the products of competitors, was voted 514 to 35.

That a final decree in an equity suit brought by the government which establishes the existence or the non-existence of restraint of trade or of a monopoly should be conclusive evidence as to the same general fact in private actions brought against the same defendants under the anti-trust laws, was voted 484 to 62.

**HUERTA TO RESIGN AND LEAVE MEXICO**

Will Surrender Government to Present Minister Foreign Affairs Carbajal.

Vera Cruz.—To save his country from the further horrors of continued civil war and his capital from capture and perhaps sack by a victorious army General Huerta intends to resign the provisional presidency and leave Mexico.

This statement was made by Roberto Esteve-Ruiz, Mexican Sub-Secretary of foreign affairs, who reached Vera Cruz from Mexico city on his way to Europe. Huerta, he said, will surrender the government to Francisco Carbajal, the new minister of foreign affairs, who, in turn, will resign, when the time comes, for some other provisional president wholly acceptable to the constitutionalists.

Carbajal, he added, was suggested as provisional president by the American delegation at the Niagara Falls mediation conference and agreed to by Huerta's delegates and the South American mediators, while the constitutionalists indirectly had conveyed the idea that he would be acceptable to Carranza.

**Stand Made at San Luis Potosi.**

Saltito.—Fighting already has begun at San Luis Potosi. Engagements of outposts, designed by the constitutionalists to establish the federal strength and position, are of daily occurrence, according to reports received here by General Carranza.

The federals have concentrated every available man at San Luis Potosi, sending remnants of the garrisons of Guadalajara and Zacatecas and a part of the garrison of Mexico City, as well as 5000 recruits to oppose General Gonzales.

**Naval Militiamen on Homeward Trip.**

Honolulu.—The Oregon and Washington naval militia started for Port Angeles, Wash., Saturday, on the homeward bound trip aboard the cruiser Milwaukee. The vessel is due to reach its destination July 18.

**GUILT DENIED BY ACCUSED**

Magazine Staff Say Goethals Approved Isthmian Canal Pictures.

San Francisco.—The defense of Charles K. Field, editor of Sunset Magazine, and of the three others accused with him of having disclosed military secrets of the United States by the publication of an illustrated article, will be that the pictures were taken and the aeroplane flight across the Isthmus of Panama was made with the permission of Colonel George W. Goethals, in command of the Panama zone.

Mr. Field, Robert Fowler, an aviator; Riley E. Scott, author of the article, and Ray Duham, a moving picture man, were arrested at the instance of the war department, acting through John W. Preston, United States district attorney here. No bail was required and they were released on their own recognizance.

**Ship's Officers Accused.**

San Francisco.—A federal grand jury returned indictments against Captain Harry Stremmel, of the steamship Harvard, Robert Hill, mate, Eric Froberg, second mate, and Robert C. Pitt, purser, charging them with an assault on the high seas against Louis Lull, a sailor.

**Man Is Frozen In Car.**

Pittsburg.—With hands and feet frozen, Daniel Smith, aged 25, a printer, of Sacramento, Cal., was taken to the Presbyterian hospital here. He was found in a refrigerator car that arrived from the west.

Smith says he entered the car in Chicago and that the door slammed shut, holding him prisoner.

**T. R. Urged Not To Run.**

Oyster Bay, N. Y.—Protests from progressive leaders from all parts of the country against the proposal that Colonel Roosevelt run for governor of New York poured in on the ex-president by mail and wire.

**Justice Lurton Dies Suddenly.**

Atlantic City, N. J.—Associate Justice Horace Harmon Lurton, of the United States Supreme Court, died suddenly at a hotel here from heart failure superinduced by cardiac asthma. He was 70 years old.

**New Heat Record Made in St. Louis.**

St. Louis.—The record high temperature for 1914 was recorded here when the mercury reached 102 degrees. Three deaths and one prostration were the toll of the torrid wave which has gripped the city for 24 hours.

**Melville E. Ingalls Dies.**

Hot Springs, Va.—Melville E. Ingalls, until two years ago chairman of the board of directors of the Big Four railroad, and long identified with the Vanderbilt railroad interests, died here from heart failure.
