ARD SURFACE AT REASONABLE COST

ate Grange Master Spence Shows Some Interesting Facts.

The county court of Clackamas unty has made a report on the ex- se of paving the one and one- rd mile between Oregon City and rkplace.

The cost per square yard of as- altic concrete, five inches thick, s 87¼ cents. In this cost is in- ded the expense of moving the nt from Oregon City to Park- ce, the purchase of some new ma- inery, and an extra cost of getting terial to the plant because of the ation. Judge Anderson states t with the plant favorably located e cost can be reduced below 60 nts per square yard.

Comparing the Clackamas county rd surface paving with that of ltnomah county and using the uare yard as a basis, we find that paying 87¼ cents for paving five hes thick it cost Clackamas coun- 17¼ cents for one inch in thick- s, while at $1.18 for two inches k it cost Multnomah county 59 nts for one inch in thickness. ltnomah county paid more than ree times as much for the same ount of paving as paid by Clacka- s county. The Yankton grange has determined to rid that section of squirrels, and have a standing offer of 10 cents for each squirrel killed. As a result over 1,000 have been killed and the grange therefore is nearly bankrupt, but they believe that the money was well invested. A 22 rifle is offered to the boy that kills the largest number of squirrels up to the date of the county fair, and about half a dozen boys are hard after that sum.
