A HOME INDUSTRY

INDUSTRIAL REVIEW

At Albany a contract has been let for paving Baker street.

There are 615,000 acres of Oregon land open to homestead entry.

An alfalfa farm of 240 acres, near Hermiston, was recently sold for $36,000.

At Corvallis a contract has been let for the new college library, to cost $83,300.

The Macley cannery at Marshfield is 500 cases ahead of the same date last year.

It is planned to start work immediately on the $5,000 dam at North Umpqua fish hatchery near Roseburg.

The Eddyville mohair pool of 23,000 pounds goes to McMinnville mill at 65 cents per pound, or nearly $15,000.

From Turner comes the report that Oregon flax industry, first retting by Oregon Flax Company, yielded 17 tons.

Construction work on the extension of the United Railways line from Wilkesboro to Tillamook is now under way.

Wool buyers have been busy at Pendleton, and thousands of pounds have been sold for an average of 50 cents per pound.

Clearing and grading of the last six miles of the Bandon-Curry county coast road has begun. The estimated cost is to be $40,000.

The town of Crane is experiencing a building boom. Five business houses and several modern bungalows have been erected or are under construction.

It is estimated that 5,060 men are employed in the shipyards in Portland. Based on an average of $3.50 per day, the year's payroll of these men will be $5,100,480.

The work of diking and putting in dam with flood gates for the purpose of reclaiming hundreds of acres of fertile bottom and tile lands lying along the Olalla river has commenced.

At a recent meeting of dairymen of the Cow Creek section, near Grants Pass, a movement was started to form a co-operative creamery association, with a plant at a convenient point, probably Glendale. The dairy interests in that section have increased very rayidly during the past two years.

Preliminary plans for a municipal power plant for Gresham on the Sandy river, were recently filed with State Engineer Lewis by H. J. Stocker, city engineer of Gresham. The estimated cost is $125,000, and work will start prior to September, 1917.

All you who keep cows, whether you expect to buy a cream separator or not, will be greatly benefited by reading the ad of C. H. Briggs, who will be glad to show you either at the store or on your farm the unusual features that make the United States Cream Separator such a desirable machine.

COPPER AND SILVER IN MICHIGAN IN 1916

The production of copper in Michigan in 1916, as reported by the United States geological survey, department of the interior, was 273,692,525 pounds, valued at $67,328,361, and that of silver was 716,640 fine ounces, valued at $471,549, a combined value of $67,799,910. This is an increase of $21,078,251, or 45 per cent, over the value of the output in 1915.

The average price of copper per pound for 1916 was $0.246, compared with $0.175 in 1915. The average price of silver for 1916 was $0.658 per fine ounce; for 1915 it was $0.507. The average value per ton of "rock" treated was $5.34, compared with $3.76 in 1915.

The smelter production, or the output of refined copper, in 1916 was 269,794,531 pounds, which represents an increase of 30,838,121 pounds over the smelter production for 1915.

In 1916 the amount of "rock" milled was 12,264,114 short tons, which yielded 420,551,291 pounds of "mineral" and 268,279,876 pounds of copper. In 1915 the amount milled was 12,334,700 short tons, which yielded 400,178,132 pounds of "mineral" and 265,283,378 pounds of copper.

The average recovery of refined copper per ton of "rock" milled in 1916 was 21.7 pounds, compared with 21.5 pounds in 1915.

NOTICE IS HEREBY GIVEN, that the undersigned has been appointed administratrix of the estate of George L. Morel, deceased, by the County Court of the State of Oregon for Columbia County, and has qualified. All persons having claims against said estate are hereby notified to present same, duly verified, to the undersigned at her home at Goble, Oregon, within six months from date hereof.

Dated and first published May 4, 1917.

LOUISE M. ANLIKER,
Administratrix of the estate of George L. Morel, deceased.
J. W. DAY,
Attorney. 20-5

PORTLAND MARKETS

Cattle—With a light run o cattle Monday the market was active and prices were steady to 25 cents higher on most all classes. This is the first up run for the past two weeks. While large killers were not in the market for supplies to amount to anything, butcher demand took up practically all the offerings. Best of beef steers sold from $9.75 to $10.25, with a bunch of baby beef at $10. Fair to good steers sold from $9 to $9.50. Steers with little killing uality are still having a very slow call, although practically everything got away with a good, steady bid compared with ast week's close. Common thin Jersey steers sold from $6 to $7.50, with medium grades from $7.50 to $8.50. She stuff was in very good demand and sold readily. Best cows brought $8.25 to $8.50 with heifers up to $9. Good beef cows brought around $8, with fair dairy bred cows bringing from $7.25 to $7.75. Ordinary cows sold from $6.50 to $7; with common stuff from $5 to $6. Best heavy bulls sold mostly at $7.50 with a top of $8.25; light bulls sold from $6 to $7.

Hogs—The hog market continued its downward trend Monday, with prices ranging from steady to 15c lower. Outside demand was an important factor. Some of the large killers still continued bearish. Several loads of prime hogs brought $15.70, while the bulk sold from $15.25 to $15.40. Pigs sold mostly at $13, with a few sales at $13.50 to $14.00.

Sheep—Demand continues very good and prices are all on a strong basis.

TIMBER BRIDGE FOR COWEEMAN

Owing to the prohibitive cost of steel, the bids for a steel bridge over the Coweeman, on the Pacific Highway near Kelso, exceeded the estimate when bids were opened by the state highway commission a short time ago and had to be rejected. As there is imperative need of a new bridge to replace the decrepit structure now doing service, the highway commission has decided to build a new wooden bridge, and bids upon this proposition will be received by the state highway commission until 2 p. m. Monday, June 25. Plans and specifications for the new bridge are on file in the office of the county engineer of Cowlitz county, where they can be seen. The span of the bridge will be 160 feet.—Kelsonian.
