The Mist is in receipt of a letter from Chief Engineer A. H. Gardner, of the motor vessel S. I. Everything worked nicely on the big vessel and good time was made.

Send for one, you'll be glad you asked for it after you have received it.

SCAPPOOSE CELEBRATES

A splendid Fourth of July celebration was given in West park and a large crowd was in attendance. The morning program was very interesting and much appreciated. Standing, the audience joined in singing patriotic songs. Little Miss Audrey Elliott gave a reading of "Old Glory" in her usual attractive manner. Mrs. Mary Getchell read excerpts from some of the best addresses of Washington, Lincoln and Wilson. The principal address was made by Rev. C. H. Johnston. It was a patriotic address and illustrated the position which loyal people must take during the present national trouble. He said our conditions are not ideal but we must meet them.

Miss Ruby Tipton directed a drill by many children which illustrated the growing and conserving of the food supply. Miss Rhoda West acted as Columbia, and Gilbert McKay took the part of Uncle Sam. The bass solo, "Out in the Deep," was especially well rendered by R. Niblock. Mrs. Niblock and Mrs. Bert Adams served chicken dinner, sandwiches, coffee, etc., and realized a tidy sum, which they will use for war funds as they find the greatest need.

War department officials state that the ranks of the army are now about 47,000 men below war strength and that the ranks will be filled by conscription. Information coming from Washington indicate that the drafting might begin July 15. The local exemption board, consisting of Sheriff Stanwood, County Clerk Barnett and Dr. L. G. Ross, has organized and is ready for duty. Duplicate registration cards have been made and sent to the adjutant general. The board organized the same day instructions were received and had everything in readiness for the government work, which is a very creditable showing.
