One of Frank L. Smith's younger boys fell out of the auto as the door flew open and received several injuries, but the worst was his front teeth were knocked out.

Mr. and Mrs. C. H. Johnston are at home to their friends, after spending a month with their daughter at Brewster, Wash. Miss Gypsy Johnston will remain in Seattle for a visit.

A fire started on the railroad track Saturday night by the 8:15 train gave our people a bad scare. It was soon discovered and put under control. It is reported the fire started from a cigar stub thrown from the train.

The Bohemian residents here gave a picnic to their Portland relatives and friends at West's Pavilion last Sunday. There was a large attendance. Games and dancing afforded pleasure, and the older members served a sumptuous dinner.

Wonder where the speed cop is. Is it possible our county court has fired him because some speeders kicked in order to get rid of him so they could continue to speed? If Jensen wasn't satisfactory our court might find one that would be. Columbia county people need protection from speed maniacs and, of course, the speeders will kick.

Fires are raging all aroud us. The Bennett and Oaks and Gust homes are nearly surrounded. The road to Pisgah Home has many logs and brush fallen over it. The Morgan home is also in the fire region. Township 3, range 2 north, sections 5, 6, 7, 8, 32, 34 and 36 are bad. A bunch of men from Portland came in Tuesday and other men are needed. Fire wardens and fighters are as thick as mosquitoes.

DEER ISLAND

Mabel Eatinger, of Portland, is the guest of Mrs. C. A. Kitch.

Mr. and Mrs. Harold Micholas and C. English and friend, Mr. Rudolph, all of Portland, were visiting Sunday at the home of Mr. and Mrs. Charles English.

The lecture and demonstration on canning and preserving of our perishable food supplies given by Miss Grace Johnson, of the O. A. C., was very practical and helpful and was deserving of a better attendance. Unfortunately the date was not generally known and many missed the valuable instruction who would otherwise have been there.

A letter has been received from Mrs. Charles H. Castner, chairman of the woman's committee, National Council of Defense, Oregon division, which states that it is hoped a local council will be formed at Deer Island. The plan is to call a meeting of the presidents of all women's organizations and elect a chairman, vice chairman, secretary and treasurer. The object is to link together in patriotic service all existing societies to make effective the patriotic service which women are called on to perform at this time. Officers of the Red Cross Auxiliary, of the Sunday school and all other women not members of any organization are therefore asked to meet with the Woman's Club at the home of Mrs. Helga Freeman on Wednesday, August 22, at which time a local council will be formed and officers elected to co-operate with the national organization. The details in Mrs. Castner's letter will then be fully set forth.

The regular meeting of the Deer Island Woman's Club was held on Wednesday at the home of Mrs. Geo. W. Mills. In spite of the heat and dust, the summer meetings of the club are very much a success. Through readings and discussions those present are brought to a closer sympathy and understanding of our duties and responsibilities at this time. The club's latest activity was to vote to assist the Portland Auxiliary of Company B, Engineers. A rising vote of thanks and appreciation was extended to Mrs. Walter Koenig who will leave Deer Island in the near future. Mrs. Warren Kinder, Portland; Mrs. Fred Adams, St. Helens, and Mrs. Lora Weems were out of town visitors. After adjournment piano numbers by Mrs. M. J. Koenig were greatly enjoyed. The next meeting will be with Mrs. Helga Freeman, August 22, at which time all women of Deer Island and vicinity are urged to be present in order that a local council of national defense may be organized. This is a call to the women of the nation by Herbert Hoover and should meet with the hearty co-operation of all.

COLUMBIA CITY

Taber's ad on page 8.

H. H. Caples sits back in his chair and watches the improvements going on with much satisfaction.

The run of fish is somewhat improved and some of the fishermen are making fairly good catches.

The carpenters are making good headway with the work on the new sawmill at the Somarstrom plant.

The Graham boys are driving piling for their new fish trap, which they expect to use for the fall fishing.

We understand that Uncle Sam has taken charge of the new shipyard and all employes will be well treated and well paid.

S. R. Sonneland, the ice dealer in St. Helens, has established an ice route in Columbia City and we hope he will get a nice trade started.

The grading of the railroad and fixing of the ground is still going on at the shipyard plant. When completed it will be a fine piece of work.

TROUT FOR COLUMBIA COUNTY STREAMS

State Fish Commissioner Will Liberate Many Fish.

Deputy Game Warden Brown has received information from the state game department that a carload of trout will soon be liberated in the several fishing streams of Columbia county. Part of the consignment is for Milton and Tide creeks and the balance will be turned loose in Beaver and Nehalem rivers. Some months ago the fish department started to stock the streams of the county and fishermen report that there are more trout now than in several years past.

CALIFORNIA FRUIT FOR BRITISH SOLDIERS

Selected California fruit will grace the mess tables of British army officers in far away Egypt. The British government has placed an order for $50,000 worth of canned apricots, the fruit to be delivered from canneries at Pomona, Hemet and Kingsburg. The Southern Pacific Company announced that it was starting the first car over its lines to Ogden. The car contains 90,000 pounds of fruit in 1,500 cases. The balance of the shipment, say Southern Pacific officials, will be hurried across the continent and across ocean as fast as possible.
