

WEEKLY WAR NEWS DIGEST

Warning Issued Against Scheme to Swindle Farmers

Another scheme for swindling the farmers of the United States has been discovered by the federal farm loan board. A man advertising himself as an authorized organizer of national farm-loan associations is sending out advertising matter emblazoned with the national flag, stating that he will organize such associations at \$500 each, and will teach others the trick of a certain sum of money. His advertisements have reached farmers and business men over a large part of the United States. He claims to be busy organizing national farm-loan associations that he needs help, and will take time to teach others of a monetary consideration. All such representations are fraudulent. In order to borrow under the farm loan act, it is necessary for farmers to organize co-operative national farm-loan associations in their local communities. It is a violation of a ruling of the federal farm loan board, published more than a year ago, for a national farm-loan association or a joint-stock land bank to spend any money for promotion purposes. Associations thus organized will not be chartered by the federal farm loan board. Farmers are therefore warned against anyone asking for his proffered services in connection with applying for a loan under the federal farm loan act.

Deaths in British Forces in Action and From Wounds Estimated at Only 7 Per Cent.

Now that American troops are taking their places in the trenches, attention is again directed to an estimate by the secretary of war that the losses up to June 1, 1917, of the British expeditionary forces from deaths in action and from wounds amounted to but 7 per cent of the total of all men sent to France since the beginning of the war.

1,800,000 Women Engaged in Agriculture in United States.

According to a late report, of the 1,800,000 women engaged in agriculture in the United States, 750,000 are under 29 years of age and 1,050,000 are negroes. A majority of the women workers are found in the southern states. The lines of work in which women will be likely to increase their farming activities, according to the report, are vegetable gardening, poultry raising, butter making, hog raising, etc. It is suggested that women who know how to operate motor cars may with little additional training operate tractors.

Smokeless Powder Plants Will Have Capacity of Million Pounds a Day.

Plans and contracts are completed for the construction of two smokeless-powder plants, each to cost approximately \$50,000,000. The estimated capacity of each is 500,000 pounds of powder a day, and from 10,000 to 15,000 men will be employed at each plant.

The Initial Output at Each Factory is Expected Not Later than Next August. Much of the Product will Be Available for the Allied Nations.

It is the opinion of the United States food administration that the gross maximum profit for wholesalers in flour should not exceed from 50 to 75 cents per barrel. The profit to retail dealers in original mill packages should not exceed from 80 cents to \$1.20 per barrel, depending upon the character of service performed. Where retailers sell in amounts less than the original mill packages, the gross profit should not exceed 1 cent a pound.

Automatic Insurance Covers Men Lost on Torpedoed Transport.

Any American soldier lost on the torpedoed transport were protected by United States government insurance and government compensation. Those who had not applied for insurance were covered by automatic insurance which is payable to a wife, child, or widowed mother. The automatic insurance aggregates \$4,300, netting \$25 a month for 240 months. Insurance that had been applied for is payable to a much larger class of beneficiaries and can go as high as \$10,000, netting \$57.50 a month for 240 months.

The compensation in case of death, given by the government without charge and regardless of rank or pay, ranges from \$20 to \$75 a month, based on the number of dependents. Payments under the compensation

feature of the military and naval insurance act in case of death are payable to a widow, children, or dependent widowed mother.

The automatic insurance ceased on February 12, but the compensation feature of the act is a separate provision. The scale of compensation in case of death follows:

(a) For a widow alone, \$25.
(b) For a widow and one child, \$35.00.
(c) For a widow and two children, \$47.50, with \$5 for each additional child up to two.

(d) If there be no widow, then for one child, \$20.
(e) For two children, \$30.
(f) For three children, \$40, with \$5 for each additional child up to two.

(g) For a widowed mother, \$20. The amount payable under this subdivision shall not be greater than a sum which when added to the total amount payable to the widow and children, does not exceed \$75.

Court room in the City of St. Helens, Oregon, March 8th, 1918, at 2 o'clock P. M.

CANDIDATE FOR CLERK

To the Voters of Columbia County. I hereby announce my candidacy for the office of County Clerk, on the Republican ticket, at the coming primary election. If nominated and elected, my policy will be for retrenchment in county expenses with no patronage to relatives. I will not favor any increase in salary during my incumbency. I have no corporation, clique or coterie to serve, but will serve the people. If I receive the nomination and am elected, I will not hold the office for more than two terms.

Respectfully submitted,
HAROLD P. ROSS.
