Leo Smith has enrolled with the Christian Brothers' Business College. The Frank L Smith family will still retain the residence and make their home near Scappoose.

A little daughter of Mr. and Mrs. C. S. Messinger, living back of Ruley in the Spitzenberg district, fell out of her high chair last Friday morning, striking the sharp edge of an ax her father had brought into the house to whet and which he had set against the wall. A gash was cut in the side of the little one's neck and the tip of the right ear was clipped off. The parents immediately brought the child to Scappoose, and Dr. Hatfield closed and dressed the wounds and the little one is getting along all right. But if the cut had been deeper it might have been quite serious, since it was just over one of the large veins of the neck.

The Sunday school has treated itself to some new song books. The title is "Standard Hymns and Spiritual Songs," published by Bigelow & Main, and is in part the last work of Ira A. Sankey, son of the famous song composer, Ira D. Sankey. Mr. Sankey had not finished the book, however, when he lost his life in the tragic sinking of the Titanic. It was completed by Hubert P. Main, of the Biglow & Main Company. The book contains many of the world-loved Moody & Sankey songs.

On Friday morning last, while C. G. Clough, one of the tree fellers for the Scappoose Lumber Company, was looking out a good place for a tree to fall he slipped off a down log upon which he was standing, which was lying on a steep hillside, and fell a considerable distance on the lower side of the log, his whole weight coming on to the end of an ax handle he had in his hand, it striking him in the right side of the chest, breaking two of his ribs. He said he heard the ribs snap as his side struck the end of the handle, and for the time he thought he was "done for," but Roy Marcotte, his assistant, came to his relief, got him up and he was sent to Dr. Hatfield, who set the ribs and put the side into a supporting case, and he is now able to go about, but has to keep erect and be very careful in his movements.

Matters of great moment to the industry will be taken up and action begun looking to the taking over the plant for a condensery. A goodly delegation will go from Warren.

The debate between the Warren and Yankton Granges drew the largest and most enthusiastic crowd that has been in the hall for many moons. The subject, "Resolved that the raising of beef cattle instead of dairy stock is the more profitable to the farmers of Columbia county," was won by Yankton. "The Tall Pine" of Yankton, Jarvis Davis, advanced some telling points, he being in a position to know ,being a beef buyer. He was followed by Guy and Ray Tarbell for Yankton, who made good points. On the dairymen's side were Joe Erickson, Jr., F. W. Bascel and K. F. Larsen, who upheld the great advantages of dairying. The points made were substantiated by figures and were well taken. The repartee of both sides was thoroughly enjoyed by the crowd. The judges, consisting of Carleton Lewis, Washington Muckle of Warren and Mr. Burlingame of Yankton reported a disagreement, as both sides had advanced such good points. They reported they could not agree, and until threatened with solitary confinement on a bread and water diet by the lecturer they held out to a disagreement. A return debate will be held by the same Granges at Yankton in the near future. Six new members were obligated to the Grange, among whom were H. P. Ross, of St. Helens, Peter Olson, Mr and Mrs. Taber, Mrs. Adams and Hugo Carlson. Over thirty members have joined since the new year.

Thirty guests gathered at the home of Mr. and Mrs. George W. Mills last Saturday night for a George Washington birthday party. Patriotic contests furnished much merriment. Mrs. Bush, Harley Turner, Marion Andres and Hartnell Cooper won first prizes. Musical numbers by Miss Davis and Messrs. Turner and Freeman were greatly appreciated. Mr. Mills received many presents both useful and beautiful, but even better than presents were the many expressions of friendship and good will by those present.

CHURCH NOTICE

Methodist Episcopal Church

Morning worship, 11 a. m. Sermon by the pastor. Subject, "Creating a Thirst."

Evening services, 7:30. Subject, "Mending Men."

All the forces of the nation are being mobilized to "go over the top" at some early date for home and native land, God and humanity. Wars are won by spiritual forces as well as by high explosives. Clear minds, pure souls, strong bodies and consecrated spirits are resources for both war and peace. Have you thought that the call of the world in its mighty conflict is the call of God to you for service? Come for comfort; come for friendship; come for consecration; come for communion with the good God who doeth all things well.

The Pneumonia Season.

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.

SCAPPOOSE RED CROSS TO SELL TWO BULLS

Animals Were Donated by Harry West and Albert Johnson.

For the benefit of the Red Cross, Mrs. Charles Bushman, treasurer of the Scappoose Red Cross, will sell to the highest bidder whose sealed bid is received by mail or otherwise, on or before March 5, 1918, two of the best bred young bulls in the west and from well advertised herds of the leading dairy breeds. One Jersey bull calf dropped July 24, 1917, at Sunny Bank Jersey Farm, a son of the noted bull Fussy Fern's Noble, who was grand champion at three of the leading fairs in 1915, whose grandsire was Golden Fern's Noble, the $25,000 bull. The bull calf is out of the outstanding cow Imported Vanilla, and is a full brother to the bull purchased last year by S. Barr for importation to Japan. Harry West is the breeder.

One Holstein Friesian bull calf dropped December 29, 1917. A splendid individual closely related to four of the leading Holstein families, Johanna, Cornucopia, Homestead and the Pontiacs; his dam a daughter of Dutchland Sir Fayne Colantha brother to Grace Fayne 2nd Homestead first cow to make 35.55 lbs. butter in 7 days and 135 pounds in 30 days. The sire of this calf is Aggie Solantha Rag Apple. There is no better breeding than shown by the pedigree of this grand young bull. Registration and transfer papers furnished without charge to his purchaser. This bull is from the herd owned by Albert Johnson, Scappoose, Ore.

These bulls were contributed to the cause represented by the American Red Cross. A reserve bid of $75 is put on each bull.

Should there be any bidders who name the same figure, all tied bids will be sealed separately, shaken up and the first opened will get the calf. Direct all bids to Mrs. Charles Bushman, treasurer Red Cross committee, Scappoose, Ore.

A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terribe headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.
