Dr. B. Blatchford is getting to be quite a farmer and stockman these days. Recently he has added to his stock several young cattle and also a brood hog and five young porkers, purchasing the latter from the Pomeroys. He has rented ten acres of the R. A. McKay farm, and last week planted seven acres in potatoes.

W. G. Pomeroy & Son, of the Maplewood farm, have rented the Leonard farm over on Sauvies Island and have moved all their fine dairy herd over there for the summer, where the cattle can have good grass to eat. In the fall they expect to bring the herd back to the home farm where they will raise feed for them.

Now that County Superintendent Allen has decided that not only all the War Savings and Thrift Stamps the children and teacher of any particular room or school buys, but that those they may sell to outside parties shal count, and the matter has been readjusted in our school here, Mrs. Hatfield's room stands at the top of the notch with about $550 sold altogether and something like $600 in sight for the end of this week. Keep on boys and girls. Sell all you can.

We are very glad to report that D. W. Price's hand which was so badly mangled by getting caught in some cogs is doing exceedingly well.

It was from him that the "far cry of distress" came the first days of April for the doctor to "come over," and he went on the first train, finding him quite seriously ill with acute articular rheumatism, with heart complications, his life being despaired of by his people. When Dr. Hatfield arrived he and Mrs. Woods got very busy and within a day or two the danger point had been passed and Mr. Wods has been steadily gaining ever since. Much favorable comment is being indulged in by the residents here on the action of the county court in improving the back road. This has been an eyesore for years and in winter it is impassable. The road is being graded and will be given a coat of gravel, something very much needed.

The home guards are being outfitted with regulation uniforms and will present quite a fine appearance when they appear on dress parade. Nearly every resident of Warren belongs to the organization. Best Remedy for Whooping Cough.

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup.

Tools and materials should be kept in their proper places. Do not keep all sizes of bolts or screws mixed together in a single receptacle, but fit up suitable boxes or bins, so that the supplies may be accessible on short notice.
