MARCH REPORT OF AGENT HOWARD

Much Work is Accomplished in Agricultural Lines.

The content of this report covers the period from March 4 to March 30, inclusive. Much time during the month was devoted to the organization of community committees, meeting with the various organizations to assist in filing ther seed needs, and in getting co-operators for the various field demonstration projects. If figures are proof, the agent was not wanting in work during the month. During the 11¾ days spent in the office, 103 farmers actually called on farm business. Finding time to interview these 103 farmers, an average of about 9 per day, writing 152 letters, and answering 85 phone calls in these 11¾ days is the job that kept the agent busy.

Project Work

Seed Needs.—During the month clover seed was supplied to 32 farmers. Timothy was located for 19, corn for 11, barley for 9, wheat for 14, oats for 23, choice potatoes for 6. Besides these numbers, many others secured seed through statements made in open meetings. Sweet clover seed was furnished two farmers to be used in trials on burned over land.

The Agricultural Council authorized the agent to purchase su¼cient clover seed to meet the needs of the farmers. Acting accordingiy 6,435 lbs. of clover seed of excellent quality was purchased from a farmer in Washington county and turned over to the farmers of the different communities in pool quantities at cost. Where individuals purchased in small quantities, ½ cent more was charged to cover cost of container and transfer. Clover seed has been very scarce and by buying it so as to lay it down to the farmers at 26½ cents this one lot of seed saved at least $400 for the farmers. A list is kept of all supplies of good, clean seed oats, and farmers are using the local supply when the quality will warrant.

Crop Improvement.—Six farmers are securing certified seed potatoes to plant a portion of their crop. Burbank and Netted Gems are the varieties secured. The object will be twofold: 1st, variety comparisons, and 2nd, comparison as to yield and quality of such seed with common native stock.

Livestock Improvement.—Two lantern slide lectures were given on the selection of the sire and herd improvement. As a result of these two meetings, farmers are buying pure bred females to use as foundations. One farmer was assisted in purchasing a herd bull, and a pure bred Berkshire boar was selected for another farmer.

Club Work.—Assistance was given two boys in securing pigs for taking up the pig club work.

Publicity.—Number 1, Volume 2, of the monthly publication was issued during March. This was sent to 1200 farmers. A call was made for a 25c subscription fee and as a result of this nearly 200 subscriptions are paid up.

Miscellaneous Work.—The agent was called out for veterinary service 11 times during the month. A veterinarian si badly needed in this county. Sixty-five bulletins were distributed. Assistance was given on plans for three silos.

Summary

During the month 12¾ days were spent in the field and 11¾ days in the office. The increasing use of the county agent's office is indicated by the increasing number of personal calls at the office and the letters and phone calls received. One hundred and three farmers called in person, 121 wrote letters and 85 called by phone. The agent made 56 farm visits. Nine meetings were held or addressed with 311 persons in attendance. Seven newspaper articles were written containing 1100 words. The speedometer registered 504 miles during the month.

Respectfully submitted,
D. C. HOWARD,
County Agricultural Agent.

WAR'S FIRST YEAR TOLL

American casualties from the beginning of the war to April 1, as reported by the war department, are: Killed in action, 233; killed by accident, 163; died of disease, 789; lost at sea, 257; died of other causes, 45; total deaths, 1,487; wounded, 817; captured, 22; missing, 58; total casualties, 2,384.

Proper Food for Weak Stomachs.

The proper food f r one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

NEGRO HAS 14 SONS IN U. S. ARMY

George Borden, negro, of Goldsboro, N. C., has furnished sons to the war in the sum of nearly two squads. He is the father of 35 children, 27 of them living, and 14 of them in the United States army, either in this country or in France. He has been married three times and on four occasions has been the father of quadruplets—a world's record.

Get Rid of Your Rheumatism.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment a great help. The relief which it affords is alone worth many times its cost.

GEO. H. SHINN,

Why is Oregon's Self Appointed Boss Afraid of Stanfield?

Believing that the Republican voters of the state of Oregon would not look with favor upon Oswald West naming the Senatorial candidate for the Republican Party.

And inasmuch as I have received many thousands of letters and other assurances from the Republican voters assuring me of tehir support, I must respectfully decline the proposal of Mr. West that all other candidates withdraw and give a clear field to C. L. McNary.

I feel that I have the confidence of the Republican voters and the people of this great state that I will serve them honestly and efficiently as a Senator and at this critical time they are inclined to support a man from the business walks of life.

Oswald West has heretofore asserted that he only desired to be a candidate that he might oppose me if I should be successful in defeating McNary in the primaries.

His interference is intolerable to me, as I believe it is to the Republican voters of the state, and I will welcome the opportunity to oppose him in the general election if he should be successful in defeating his Democratic opponent, Mr. King.

R. N. STANFIELD.

Mr. Stanfield makes the above reply to the proposal of Oswald West that all candidates for senator withdraw in favor of Mr. West's candidate. The whole activity of the democratic machine in attempting to stem the tide of dissatisfaction against their candidate now in the senate is laid bare in this last supreme attempt of Mr. West to bolster up a forlorn hope.

The question is do the people and the Republicans want this sort of bossism in Oregon, or do they want 100 per cent Americans and 100 per cent republicans such as Mr. Stanfield, a successful, energetic, patriotic self-made man whose every act has added to the progress and growth of Oregon, a man who gets results, accomplishes something, who has worked and knows how to work, and who will work.

Stanfield is 100 per cent American and 100 per cent republican and he would support the President in winning this war.

Which do you want? A man who can stand on his own feet or one who cannot.
