The cereal crops of the United States were worth over $7,000,000,000 to the farmers who raised them in 1918. The product of these crops all together, was little under the total for 1917, but, while the prices of some of the cereals were lower in 1918 than 1917, the prices of others were sufficiently higher to make the value of the cereals greater in 1918 by more than a quarter of a billion dollars.

OWN YOUR OWN HOME

WE WILL BE GLAD TO HELP YOU.

WHAT IS A HOME?

"Home is where the heart abides."

"Home is the sacred refuge of our life."

"The abiding place of the affections, especially of the domestic affections."

"He entered in his house—his home no more, for without hearts there is no home."

There's nothing in this world that brings such a thrill to the human heart as a happy home.

A beautiful house does not make a home. Perfect cleanliness does not make a home. Of course, cleanliness is a very desirable factor in a home, but I have seen houses so scrupulously clean that they ceased to be real homes.

Homes do not grow, they are made. And what is more to the point, there is no questioning the fact that a home is always made by a woman.

A woman in a house does not always make a home; but a real home is always a house with a woman in it.

A cheerful spirit and a hearty welcome, by a loving wife and gleeful children, are the best evidences of a happy home.

The power and the strength of America lies in her happy homes.

God Bless Our Homes!
