

AMERICAN LEGION MEETS IN ASTORIA

George A. Gore, president of Columbia Post, American Legion, has received notice to the effect that the second state convention of the American Legion will be held in Astoria in May, and it is expected that hundreds of ex-service men from all parts of Oregon will come to the metropolis of the Lower Columbia River for the three day session.

Astoria being so near to various points in Columbia county, Mr. Gore feels certain that the home legion boys will be well represented at the convention.

It has been planned to hold the state convention in August just prior to the National Convention which is to be held in Cleveland, Ohio, in September, but after a conference of state officials of the American Legion, it was decided that August and September are exceptionally busy months of the year with harvest and other things demanding the attention of the former Hun chasers, and that it would be better therefore to hold the state meeting in the Spring. Consequently, the month of May was selected. The exact dates of the state convention will be announced later.

Astoria to Entertain.
It is expected that Clatsop Post will in the near future start making plans for housing and entertaining the ex-service men who are coming from all parts of the state for the second convention. One of the entertainment features will probably be a great salmon barbecue, the convention date coming just at the opening of the Spring salmon fishing season.

Whether the changing of the state convention date from August to May will affect the plans of Theodore Roosevelt, Jr., who promised the Astoria Legionnaires at Portland last Fall that he would attend the second annual convention of Oregon Legionnaires, is not known. An effort will be made to get an expression from him soon. He was to have been the principal speaker at the state convention in Astoria and it had been planned to arrange a bear hunt for him in the Clatsop wilds this Fall.

Home-Building Act.
Commander Hinman also stated that the committee of five Legionnaires from various parts of the United States who were named at the national convention in Minneapolis last November to draw up the Soldiers and Sailors Home Founding Act which will enable all ex-service men to secure long-term low-interest loans from the Government for the purpose of building themselves homes in the city and country is making good progress and will soon have the measure ready to submit to Congress. These loans will cover a period of sixty years and give ex-service men amounts up to \$5000 at 3 1-2 per cent interest. State Commander Follette of Eugene is a member of this committee.

SCIENCE NOTES

A fibre board base for ink bottles to prevent them upsetting has been patented by a Kansas inventor.

In producing print paper from native grasses an Australian experimenter discovered some new vegetable dyes.

With a new kitchen machine it is possible to cut any vegetables into several different forms by adjusting the knives.

Driven by a 306 horse-power electric motor, a stone crusher in a Michigan limestone plant can crush 1,250 tons of rock an hour.
