PRESENT AUTO AND GAS FEES WILL PAY INTEREST AND PRINCIPAL OF \$40,000,000 ROAD BONDS

Approximately \$40,000,000 of state road bonds can be issued under a 4% limitation on the present assessed valuation of the state, including bonds already issued. The constitutional amendment to be voted upon at the May 21 election provides for this 4% limitation.

Interest and principal of the entire \$40,000,000 of bonds can be paid from revenues from auto license fees and gasoline tax, based on conservative

Following is an official estimate of the income to the State Highway Fund from auto license fees and gasoline tax, compared with interest and principal requirements for the entire \$40,000,000 of state road bonds. This table has been audited and certified by Whitfield, Whitcomb & Co., certified public accountants, whose attestation is subscribed below. It verifies the claim made that voting for the 4% state road bond limitation will not involve any tax on property, as principal and interest will be paid from the auto license fees and the gas tax, leaving an actual surplus above the amount required.

OFFICIAL EXPLANATION OF TABLE

Column 3 represents the net income to the State Highway Fund from motor vehicle column 3 represents the net income to the State Highway Fund from motor vehicle license fees (Chap. 399, Laws 1919). The 1920 registration figures to date obtained from the Secretary of State's office indicate an average license fee of twenty dollars (\$20.00) per vehicle. The law provides that twenty-five per cent be returned to the county from which the vehicle is registered, therefore the net income per vehicle to the State Highway Fund is approximately fifteen dollars (\$15.00) per car which is the figure used in computing Column 3. The administration expenses of the motor vehicle law will be met from the receipts from motorcycle licenses, chauffers' badges, transfers, etc.

the receipts from motorcycle licenses, chauffers' badges, transfers, etc. Column 4 represents the income from the Gasoline Tax (Chap. 159, Laws 1919) to the State Highway Fund. Figures obtained from the Secretary of State's office indicate the average tax per vehicle in 1919, was approximately five dollars (\$5.00) and this figure has been used in computing Column 4.

Column 5 is the total amount of the motor vehicle license fees and the gasoline tax based on the estimated number of vehicles as shown in Column 2.

Column 6 is the amount required each year to pay off the interest and principal at maturity of State Highway bonds up to an estimated amount of \$40,000,000 (the approximate amount which could be issued with a 4 per cent limit on the present assessed valuamate amount which could be issued with a 7 per cent tillit on the present assessed valuation of the state. These figures are based on these premises: That the balance of the Six
Million Dollars Bonds (Chap. 423, Laws 1917), the State Co-operative Bonds \$1,800,000
(Bean-Barrett, Chap. 175, Laws 1917), and the Ten Million Dollar Bonds (Chap. 173,
Laws 1919), now unsold will be sold during the year 1920. Also that further bonds will
be sold as follows: 1920, \$5,000,000; 1921, \$5,000,000; 1922, \$5,000,000; 1923, \$5,000 000;
1924; \$2,200,000; a total of \$40,000,000.

All of the bonds thus far authorized are serial bonds and, except the Bean-Barrett issue, mature one-twentieth each year after the fifth year. The Bean-Barrett issue matures \$100,000 each year beginning with 1922. The Siz Million and Bean-Barrett issues draw 4 per cent interest. All other issues 4½ per cent.

Column 7 shows the surplus estimated to be available each year after meeting obliga-

title to or having an interest in or the One-Quarter Mill Tax (Chap. 237, Laws 1917) on the total assessed valuation of the state is not shown in this table as an asset of the State Highway Fund as this fund is used principally to meet administrative expenses, surveys in the various counties, encounty of Columbia, State of Ore-gineering supervision of county construction, and design and inspection of counties, encounties, encounties,

WE HEREBY CERTIFY that we have examined the official records of the State of Oregon as regards Income from Motor Vehicle licenses and Gasoline taxes and believe the estimates above set forth in columns 1 to 5, both inclusive, to be conservative. We further Certify that based upon these estimates the tabulations set forth above in columns 6 and 7 are true and correct.

NOTICE TO THE PUBLIC AND CAR OWNERS

ST. HELENS AND VICINITY

As I have taken over absolute and controlling interest of the St. Helens Garage, I am now equipped and ready to give you absolute and satisfaction service and the pleasure of motoring. I have had some 10 years experience in this game and have studied it hard for the advantage of the public.

We are also in position to give you accurate and first-class night and day service, but after May 1st we will be on a different running basis, as I have quite a good deal of remodeling to do to give the service I expect to in the near future.

So please remember me when you have any estimates to be made; let me figure with you.

Hoping to see you in business transaction now,

I remain.

Yours for Service. E. A. HARRIS.
