The New Comfort Talking Machine

**A HIGH CLASS, FIRST QUALITY MACHINE AT A
POPULAR PRICE.**

**We Believe This Machine Is Not Excelled By Any
Machine On The Market, No Matter What May Be
The Price**

The NEW COMFORT TALKING MACHINE reproduces any
make of disc record exactly as well as the best standard talking
machine or phonograph on the market. Without change of equip-
ment, but simply by turning the sound box slightly for the vertical
and lateral cut records, one can play Victor, Columbia, Edison,
Pathe, and all other kinds of disc records. This machine gives one
wider range of reproduction than is possible with machines sold at
a much higher price.

The Reproducing Features of the New Comfort Talking Machine
are unexcelled. It ranks foremost among the world's greatest in-
ventions, performing, as it does, the living reproduction of the
human voice, and of any collection of sounds. The New Comfort
renders the soft vibrations of the violin, the sweet tones of the
clarinet, and the melody of the orchestra.

The tone modifier makes it easily adapted to any purpose. You
can play it in your home at any time of day or night without distur-
bing your neighbors and without losing any of the quality of the
music. You can modify the tone so that it can be heard distinctly
in any part of a large hall. This modifier is operated from the
outside while the machine is playing.

The New Comfort Talking Machine is as good as any machine
made and is a great deal better than all machines which fail to come
up to the standard. Wherever it has been installed it has been
universally endorsed and approved.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bow-
els become weak and unable to perform their
functions without aid. For this purpose only
the mildest and gentlest laxative should be used.
The use of harsh cathartics aggravates the trouble
and makes the constipation worse. Chamberlain's
Tablets are a favorite with people of middle age
and older on account of their gentle action.
